Bruce Banner

Hybrid

Leafly.com says "Bruce Banner might be best known as the alter-ego of comic book hero The Incredible Hulk. This green monster also has hidden strength and features dense nugs that pack the power of very high THC content.."

Chem Dawg

Hybrid

Leafly.com says "Chemdog has developed quite the name for itself over the years. Between its mysterious origin, ambiguous genetics, and the plethora of successful crosses the strain has produced, Chemdog has practically secured itself a permanent place in the cannabis hall of fame."

Gelato

Indica

Leafly.com says "Gelato (also referred to as "Larry Bird") is another tantalizing hybrid cannabis strain from Cookie Fam Genetics, following in the footsteps of its parents Sunset Sherbet and Thin Mint GSC. This Bay Area, California native gets its name from the fruity, dessert-like aroma."

Golden Lemon

Indica

Leafly.com says "Golden Lemon by DNA Genetics is citrusy strain with a potent punch. This 60/40 indica-dominant hybrid is a cross between Kosher Kush and Lemon Skunk, and emits a distinctly pungent herbal, citrus aroma that speaks to its parentage."

NYC Sour Diesel

Sativa

Leafly.com says "NYC Diesel (or Soma Sour Diesel) is a 60% sativa-dominant cross between Mexican and Afghani landraces. This strain provides strong cerebral effects that ease into a deep, full-body relaxation over time. A pungent lime and grapefruit aroma is the mark of a high quality batch."

OG Kush

Hybrid

Leafly.com says "OG Kush was first cultivated in Florida, in the early '90s when a strain from Northern California was crossed with a Hindu Kush plant from Amsterdam. The result was a hybrid with a unique terpene profile that boasts a complex aroma with notes of fuel, skunk, and spice."

Pineapple

Hybrid

Leafly.com says "Pineapple was developed by selecting a phenotype of Ed Rosenthal's Super Bud (ERSB) that expressed predominantly indica traits and had intense tropical flavors. After generations of inbreeding, the strain developed a sturdy structure and more pronounced flavors."

Purple Punch

Indica

Leafly.com says "Purple Punch is the sweet and sedating union of two indica-dominant classics. By breeding Larry OG with Granddaddy Purple, the astonishing trichome laden Purple Punch was born, smelling of grape candy, blueberry muffins, and tart Kool-Aid."

Rainbow Sherbet

Hybrid

Leafly.com says "Rainbow Sherbet is an insanely delicious evenly balanced hybrid (50% indica/50% sativa) strain created through crossing the mouthwatering Champagne X Blackberry strains. This bud has a sweet berry fruity flavor that has a sugary exhale with a kick of fresh mint to it."

DISTRIBUTION

Skywalker

Indica

Leafly.com says "Skywalker is a popular strain across the United States, a hybrid with an even 50:50 sativa/indica ratio. Its THC levels top off at about 15 percent, making this an average to below-average strain in terms of potency. It makes up for that with its mellow body high and mental clarity."
