

Cupstyle FFP3 Mask with Valve RP303

Product Code: RP303

Experience maximum protection and comfort with the RP303 cup-style FFP3 mask, designed for maximum protection in environments with dust, mist, and airborne particles. Ideal for construction, woodworking, cleaning, and other high-risk tasks, it includes an adjustable nose clip for a custom fit and to help prevent eyewear from fogging. It also features an elastic weld design that eliminates staples for enhanced face comfort, while the adjustable strap ensures a secure fit. With a built-in breathing valve, it helps reduce heat and moisture buildup, keeping you comfortable during extended wear.
