

Cupstyle FFP2 Carbon Mask with Valve RP204

Product Code: RP204

The RP204 cup-style FFP2 carbon mask delivers advanced protection against dust, mist, and aerosols. Ideal for construction, woodworking, cleaning, and other moderately dusty or fume-prone environments, it features an adjustable nose clip for a personalized fit and reduced fogging of eyewear. Its carbon filtration layer helps reduce odors and harmful fumes, while the elastic weld construction enhances comfort by eliminating staples. The adjustable strap ensures a secure fit, and the built-in breathing valve minimizes heat and moisture buildup for more comfortable, all-day wear.
