

## Cupstyle FFP2 Mask with Valve RP203

**Product Code:** RP203

Stay protected and comfortable with the RP203 cup-style FFP2 mask, designed for higher-level protection in environments with moderate dust, mist, or aerosols. Ideal for construction, woodworking, cleaning, and other tasks with increased airborne particles, this mask features an adjustable nose clip for a personalized fit and reduced fogging of eyewear. It also features an elastic weld design that eliminates staples for enhanced face comfort, while the adjustable strap ensures a secure fit. With a built-in breathing valve, it helps reduce heat and moisture buildup for easier, more comfortable wear throughout the day.

### SPECIFICATION

#### MODEL

- Cupstyle Particulate Respirator

#### RESPIRATORY PROTECTION

- FFP2 NR-  $\geq 94\%$  filtration efficiency

#### CONFIGURATION

- Valved

### COMPLIANCE & STANDARDS

- CE CAT. III
