

Goggle EY402

Product Code: EY402

The EY402-Goggle delivers reliable eye protection in environments where dust, moisture, and demanding conditions are part of the job. Its robust PVC frame is equipped with integrated breath valves that enhance airflow, improving comfort while further reducing the risk of fogging. The soft seal frame technology ensures a customized fit across different face shapes, creating a secure and comfortable seal without added pressure. With the fully adjustable head strap, you can easily set the ideal tension for long periods of wear. A special anti-fog coating keeps your vision clear in all conditions—whether you're working in humid environments, facing temperature changes, or handling strenuous tasks. Offering dependable dust and splash protection, this goggle is well-suited for construction sites, workshops, laboratories, cleaning work, and a wide range of DIY applications.
