

Goggle EY401

Product Code: EY401

The EY401-Goggle offers dependable eye protection in demanding environments, combining comfort, visibility, and durability. Its PVC frame features an integrated ventilation system that keeps the inside well-aerated, reducing heat buildup during extended wear. The soft seal frame adapts to a variety of face shapes, ensuring a secure and comfortable fit without pressure points. A fully adjustable head strap allows you to fine-tune the fit, while the special anti-fog coating maintains clear vision in changing temperatures or high-humidity conditions. Designed to shield your eyes from dust and splashes, this goggle is ideal for construction work, laboratory tasks, cleaning applications, woodworking, and DIY projects—delivering reliable protection wherever safety and clarity matter most.
