

Mechanical Gloves PG901

Product Code: PG901

The PG901 Mechanic Glove was designed for professionals in the automotive and mechanical engineering industries who require precision, comfort, and reliable protection. Its seamless Polyester lining ensures a comfortable fit and breathability, supports natural hand movement, and reduces fatigue during extended work periods. The palm and fingertips are coated with nitrile, providing excellent grip even in oily or greasy conditions while maintaining tactile sensitivity. With a 13-gauge construction, the glove delivers a lightweight feel and exceptional dexterity, allowing tools, components, and delicate mechanical parts to be handled safely and precisely. Whether for assembly, maintenance, or repair tasks, the PG901 Mechanic Glove offers the perfect combination of protection, skill, and comfort for demanding industrial work.

SPECIFICATION

MATERIAL OF LINER

- Polyester
- Seamless Liner

COATING

- Nitrile
- Smooth Finish
- Palm Coating

GAUGE

- 13 Gauge

COMPLIANCE & STANDARDS

- EN388:2016 4142X
