

Gardening Gloves PG602

Product Code: PG602

The PG602 Gardening Gloves are the reliable choice for anyone who works with their hands in the garden. Whether you're planting, pruning, weeding, or tending lawns and flower beds, these gloves are designed to support you through a wide range of gardening tasks, big or small. With a comfortable Polyester lining for an excellent fit and breathability, they protect your hands without restricting dexterity. The rough 3/4 latex coating provides a firm grip even in wet or muddy conditions and covers most of the hand, offering extra protection against thorns, dirt, and wear. Thanks to their 10-gauge construction, these gloves are tough and durable, yet flexible enough for precise work. From digging and planting to handling garden tools or arranging decorative stones, the PG602 Gardening Gloves make every gardening task safer and more efficient.
