

Cut-Resistant Gloves PG502

Product Code: PG502

The PG502 Cut-Resistant Glove was designed for anyone who requires maximum safety without sacrificing dexterity or comfort. The seamless, cut-resistant lining provides enhanced protection when handling sharp objects, ensuring safe work in demanding situations. The palm and fingertips are coated with nitrile, offering a reliable grip even on oily or slippery surfaces while remaining breathable. Its 15-gauge construction provides high sensitivity and a lightweight feel, allowing tools, blades, and components to be handled with precision. Whether working with metal, glass, assemblies, or other potentially hazardous tasks, the PG502 Cut-Resistant Glove combines protection, fingertip sensitivity, and comfort, keeping you safe and productive.
