

All Work Gloves PG202

Product Code: PG202

The PG202 All Work Gloves are the reliable choice for anyone who works with their hands on a daily basis. Whether you're active in construction, logistics, landscaping, or just a dedicated DIYer — these gloves are designed to support you through a wide range of tasks, big or small. Featuring a comfortable Polyester liner for an excellent fit and breathability, keeping your hands protected without sacrificing dexterity. The rough 3/4 latex coating provides a firm grip even in wet or dusty conditions and covers most of the hand for added protection against abrasion, dirt, and wear. Thanks to their 10-gauge construction, these gloves are tough and durable, yet flexible enough to allow for precision work. From lifting heavy materials to handling tools or laying paving stones – these gloves are built for heavy-duty use in demanding environments.
