

Thermo Gloves PG301

Product Code: PG301

The PG301 Thermoglove was designed for anyone who needs reliable warmth, grip, and flexibility even in cold conditions. Thanks to its soft acrylic terry lining, it keeps your hands comfortably warm without causing restrictive fatigue during extended use. The durable latex coating on the palm and fingertips provides a secure grip for all tasks—whether shoveling snow, chopping wood, working in the garden, or doing DIY projects in the garage. At the same time, finger mobility is maintained, allowing you to perform precise tasks effortlessly. The sturdy yet flexible 10-gauge knit material combines durability with comfort and supports natural hand movement, reducing fatigue during longer tasks. Whether you're clearing snow, stacking firewood, winterizing the garden, defrosting your car, carrying packages, or handling other manual tasks during the cold season, the PG301 Thermoglove offers the protection and versatility you need to stay productive even at low temperatures.
