

Thailand Summer English Camp, Hua Hin

Hua Hin, Thailand

Age
7-17

English Level
All levels

Start Date
30 March

Duration
10 days / 9 nights

Grow Beyond the Classroom!

Integrated English instruction and immersive Thai cultural, ecological, and creative experiences developing communication, sustainability awareness, and intercultural competence.

This Thailand Immersive Study Programme integrates structured English development with applied cultural and environmental learning. Students attend three-hour morning English classes, building fluency, academic vocabulary, and confident communication. In the afternoons, they apply language skills through guided exploration of Thai heritage sites, coastal ecosystems, and local creative communities.

Through field investigations, sustainability studies, cultural analysis, and hands-on workshops, students strengthen intercultural awareness, environmental literacy, critical thinking, and teamwork, transforming classroom knowledge into real-world understanding within Thailand's dynamic social and ecological contexts.

Find out more

Structured English Language Development

Students receive three hours of structured morning English each day, preparing for Trinity GESE, Cambridge, or IELTS. Small-group lessons build fluency, academic vocabulary, and exam confidence through interactive, feedback-driven teaching tailored to each learner's level.

Ecology, Sustainability & Coastal Systems

Students investigate mangroves, coastal forests, salt farms, and marine environments across Hua Hin's coastline, examining biodiversity, sustainable livelihoods, tourism impact, and the delicate environmental balance that shapes this remarkable ecosystem and the communities within it.

Creative Arts & Community Engagement

Through batik workshops and creative market exploration, students discover Thai craftsmanship and entrepreneurship firsthand, understanding how artistic traditions carry cultural identity while continuing to sustain and inspire the everyday lives of local communities today.

SOCIAL PROGRAMMES

Beyond the classroom, students take part in a vibrant mix of guided excursions, creative workshops, and group evening activities. Cultural and ecological visits span Hua Hin, Phetchaburi, and Bangkok, covering royal heritage sites, mangrove ecosystems, artisan markets, and coastal landscapes. These shared experiences build genuine friendships, cultural curiosity, and a sense of community that students carry home well after the programme ends.

ACCOMMODATION & DINING

Students stay at Palm Resident, a SHA Plus-certified 3-star hotel in the heart of Hua Hin City Centre, with comfortable shared rooms and easy access to local attractions. Worldschooling provides three meals daily along with snacks and drinks throughout the programme, with all dietary requirements fully catered for from day one.

STUDENT WELFARE

Students are supported around the clock by a dedicated pastoral team who work closely together to make sure every child feels safe, happy, and genuinely well cared for. All Worldschooling staff are recruited through robust safeguarding procedures including thorough background checks and structured interviews, giving parents full confidence in the standard of care their child receives throughout the programme.

Sample Week Timetable

Discover more about what a typical course at Worldschooling looks like for our students.

Please note our sample timetable is given as an example and can be subject to change.
