BlueSquareX®

eXpand the eXperience with Vision X LED Displays

Immersive visuals • Seamless solutions • Limitless possibilities

With museum-quality pure blacks, true color accuracy, and HDR brilliance, Vision X commands attention the moment someone walks in. Advanced performance and comprehensive content services let brands build spaces that engage, inspire, and leave lasting impressions.

A complete turnkey solution proven across industries, Vision X is built for spaces where visual impact matters, from luxury sales centers to world-class museums, Fortune 1000 boardrooms to flagship retail destinations. eXpand the eXperience and turn imagination into unforgettable moments.

Pure Black Precision

Low-reflection black tech absorbs ambient light for deeper blacks and heightened contrast in any lighting.

True Color Accuracy

Expanded NTSC 110% gamut and precise reproduction render every hue rich and accurate.

Stunning Visibility

Up to 2,000 nits and a 1,000,000:1 ratio deliver clarity from sunlit spaces to controlled environments.

HDR Brilliance

Brighter highlights, deeper shadows, and expanded detail make every frame vivid and realistic.

Premium Flip-Chip COB

Resists impact, dust, and moisture with far fewer failure points, built for mission-critical spaces.

Effortless Integration

Custom Chief mount sits under 1.75” flat-to-wall for ADA-compliant installation* with proper airflow
