THE ORGANISERS

ABOUT DOMUS GROUP

Domus Group is a leading international event specialist in exhibitions and conferences, with over three decades of expertise in the field. With headquarters in Dubai, United Arab Emirates and a branch office in Shenzhen, China, Domus Group has consistently delivered high impact events that foster collaboration and growth across various industries.

Our mission is to deliver consistently high-quality events that deliver business results through expertise, tightly controlled operating procedures, and attention to detail.

At the forefront of this organisation is Mr. Abdulla A. Abulhoul with over 40 years of experience in exhibition management. His wise leadership and deep industry insight have been pivotal in shaping Domus Group's success.

THE **DOMUS**
GROUP

VERTIEXPO DUBAI

VertiExpo Dubai is a premier international event dedicated to the VTOL (Vertical Takeoff and Landing) industry. The event serves as an international hub for global stakeholders in vertical aviation to converge, collaborate, and explore the latest advancements in technology and innovation.

We bring together industry leaders, technology pioneers, manufacturers, regulators, and service providers to showcase cutting-edge developments in vertical flight technology and urban transportation solutions that provide unmatched opportunities for networking, showcasing cutting-edge solutions, and engaging with a highly targeted audience from the Middle East and North Africa (MENA) region.

VertiExpo Dubai is co-located with DroneTech Dubai, creating a comprehensive exhibition and conference for innovations dedicated to the rapidly evolving world of vertical aviation.

THE CONFERENCE

The VertiExpo and DroneTech Dubai Conference features a diverse lineup of presentations and discussions aimed at advancing the drone and unmanned aerial vehicle (UAV) sectors, highlighting the latest groundbreaking drone technologies, demonstrating their practical applications, and showcasing how innovators collaborate with the local regulators to ensure product compliance.

The conference will primarily target regulators in the UAE and the GCC region, while also welcoming international representatives, including Shenzhen's regulatory bodies.

The key participants of the conference will include our partners, governmental, and semi-governmental entities who will share insights on their regulatory roles and initiatives.

THE WORLD UAV FEDERATION

The World UAV Federation (WUAVF) is a leading global organization founded in June 2017 in Shenzhen, China, by Chairman Mr. Yang Jincai. Dedicated to the advancement of the UAV sector, WUAVF actively promotes the growth of drone technology.

The federation provides expert guidance, fosters training and technological development, and enhances public awareness of UAV regulations. Through its extensive global network and collaborative projects, WUAVF supports the evolution of drone technology and its applications across various industries.

DUBAI CHAPTER OF WUAVF

The Domus Group, a sister company of Mediac, proudly represents the Dubai Chapter of the World UAV Federation, leveraging the federation's extensive global network of UAV professionals and innovators.

Through this strategic affiliation, we uphold the highest industry standards at our events, providing unparalleled exposure and reinforcing Dubai as a premier business hub for the UAV and drone industry.

VERTIEXPO INDUSTRY SECTORS

WHO SHOULD EXHIBIT IN VERTIEXPO

- **eVTOL Manufacturers**
- **Urban Air Mobility Service Providers**
- **Advanced Avionics and Navigation Systems Developers**
- **Maintenance, Repair, and Overhaul (MRO) Providers**
- **Regulatory and Compliance Organisations**
- **Helicopter Manufacturers and Service Providers**
- **Urban Air Mobility (UAM) System Integrators**
- **Unmanned Aerial Vehicle (UAV) / Drone Manufacturers**
- **Advanced Air Mobility (AAM) Solution Providers**
- **Military and Defence Equipment Suppliers**
- **Infrastructure and Ground Support Companies**
- **Automated Vehicle Applications**
- **Imaging Vision and Camera Systems**
- **Propellers, Propulsion, and Transmissions**
- **UAV/UGV/USV/UUV Systems**
- **Robotics and Artificial Intelligence**
- **GPS and Remote Sensing**
- **Training and Certification Providers**
- **UAV Software Developers**
- **Propulsion and Component Suppliers**
- **Helipad Operators and Developers**
- **Vertiport Operators**

DRONETECH DUBAI

DroneTech Dubai is the region's premier international event dedicated to the advancement of drone and unmanned aerial vehicle (UAV) technologies.

This premier exhibition and conference brings together innovators, industry leaders, and pioneers from around the globe to showcase groundbreaking advancements and explore the transformative applications of UAVs across various sectors.

As a hub of innovation and collaboration, DroneTech Dubai fosters strategic partnerships, drives technological development, and highlights the vast potential of UAV solutions in shaping the future of industries worldwide.

DRONETECH INDUSTRY SECTORS

DELIVERY DRONES

SEARCH & RESCUE DRONES

AGRICULTURAL DRONES

INDUSTRIAL DRONES

WHO SHOULD EXHIBIT IN DRONETECH

- Drone Manufacturers
- Drone Component Suppliers
- AI, GIS, and Flight Software Developers
- Drone-as-a-Service (DaaS) Providers
- Drone Defense & Security Companies
- UAV Research and Educational Institutions
- Drone Innovators and Startups
- Drone Industry Specialists
- Agricultural Drone Manufacturers
- Delivery Drone Providers
- Medical Drone Manufacturers
- Industrial Drone Manufacturers
- Mapping and Surveying Drone Providers
- Search and Rescue Drone Providers
- Environmental Monitoring Drone Manufacturers
- Photography and Videography Drone Manufacturers
- Racing Drone Manufacturers
- Underwater Drone Manufacturers
- Drone Battery and Charging Solution Providers
- Drone Repair and Maintenance Service Providers
- Drone Insurance Providers
- Drone Data Analytics and Management Companies
- Drone Training and Certification Providers
- Drone Accessories and Upgrades Manufacturers
- Drone Regulatory and Compliance Experts
- Drone Simulation and Testing Equipment Providers

WHY SHOULD YOU EXHIBIT VERTIEXPO & DRONETECH

The Middle East and North Africa (MENA) region is rapidly embracing VTOL technologies, creating significant growth opportunities for businesses.

REACH A TARGETED AUDIENCE

Connect with state delegates, trade visitors, and key decision-makers from the MENA region's commercial, civil, and security sectors.

SHOWCASE INNOVATIONS

Highlight your products and solutions to a global audience in the Middle East focused on technological advancements.

NETWORKING OPPORTUNITIES

Forge valuable partnerships with government representatives, potential customers, and industry peers.

BRAND VISIBILITY

Gain unparalleled exposure by participating in a high-profile event supported by leading media outlets and marketing efforts.

WHY SHOULD YOU EXHIBIT VERTIEXPO & DRONETECH

EXPAND MARKET REACH

Tap into the Middle East and North Africa (MENA) vertical aviation and drone markets by exhibiting in Dubai—a global commercial hub

DRIVE SALES & PARTNERSHIPS

Connect directly with the B2B, B2G, and potential partners to drive real business growth to your company

STAY AHEAD OF TRENDS

Showcase your latest innovations and advancements to solidify your reputation as a market leader

CORE VISITOR SEGMENT

CORE VISITOR SEGMENT

- Business Executives
- Government Officials
- Drone Enthusiasts
- Defense and Public Safety Officers
- Aviation Professionals
- Engineers and Developers
- Entrepreneurs
- Drone Photographers
- Agriculture Professionals
- Emergency Responders
- Firefighters
- Law Enforcement
- Search and Rescue Team
- Students and Academicians

WHY PEOPLE VISIT

We aim to attract aviation industry professionals while providing our exhibitors with unparalleled opportunities to connect, grow, and achieve success.

DISCOVER UNIQUE INNOVATIONS

Explore the latest advancements in vertical aviation, unmanned systems, and urban air mobility solutions.

ENGAGE WITH EXPERTS

Connect with pioneers, thought leaders, and innovators driving technological progress and future transformations

NETWORKING OPPORTUNITIES

Build valuable relationships with global and regional stakeholders, including decision-makers, investors, and key influencers

KNOWLEDGE SHARING

Attend insightful conference presentations, panels, and discussions, that inspire innovation in the industry

EXHIBITION STAND OPTIONS

SPACE ONLY

Only bare space provided.

Minimum booth space of 18 sqm

Price per sqm: US \$350 (+5% VAT)

READY BOOTH

Lightbox stand with printed background.

Includes carpet, chairs, table, counter, waste bin, spotlight and power socket.

Minimum booth space of 9 sqm

Price per sqm: US \$480 (+5% VAT)
