

What Does Josh.ai Work With?

The *Josh.ai Works With* list is constantly updated with new integrations the Josh team has completed with our manufacturing partners. For the most current version of this document, please visit: www.josh.ai/dealers. If you are not currently a Josh Dealer, you can learn more about our dealer program [here](#).

Each Josh integration falls into one of four categories: Native Josh Integrations (for installations without another control system), Control4 + Josh, Crestron SIMPL + Josh, and Crestron Home + Josh. For additional information on these integrations, feel free to reach out to support@josh.ai.

Crestron SIMPL + Josh Integrations

After May 31st, 2024 we will be requiring that all new Crestron SIMPL installations with support or design questions work with a third party professional to ensure proper deployment. Please contact support@josh.ai for a list of professionals.

LIGHTS

Light dimmers (analog control)
Binary lights
*Requires: SIMPL Josh Room Module

FANS

Variable fans (analog control)
Fan light Dimming
Binary fans
*Requires: SIMPL Josh Room Module

SHADES

Variable shades (analog control)
Binary shades (up/down/stop)
*Requires: SIMPL Josh Room Module

HVAC

Crestron thermostats
3rd party thermostats**
*Requires: SIMPL Josh Climate Module
**[Josh Crestron Climate Module Doc](#)

AUDIO/VIDEO

Any AV source in Crestron can be added to Josh and Josh can switch to that input.
*Requires: SIMPL Josh AV Room Module and SIMPL Josh Source Module

Josh can directly control the following sources:
Dish Network
Xfinity X1
Sonos
Heos
Roku
Autonomic

VIDEO REMOTES

TSR-310 REMOTE
Speaking into the microphone on the TSR-310 can be routed to Josh as a voice command
*Requires: SIMPL Josh Speech Module and Unlimited Room Josh License

FIREPLACES

Fireplaces
*Requires: SIMPL Josh Room Module
**Select on/off logic and "fireplace" device type in Josh Portal

GATES

Gates
*Requires: SIMPL Josh Room Module
**Select open/closed logic and "gate" device type in Josh Portal

GARAGE DOORS

Garage Doors
*Requires: SIMPL Josh Room Module
**Select open/closed logic and "garage door" device type in Josh Portal

FOUNTAINS

Fountains
*Requires: SIMPL Josh Room Module
**Select on/off logic and "fountain" device type in Josh Portal

LIFTS / SCREENS

Lifts and Automatic Screens
*Requires: SIMPL Josh 50 (or 300) Scene Module
**You provide custom names per scene in the module and a digital press for each one in SIMPL

RADIANT HEAT (RELAYS)

Radiant Relays
*Requires: SIMPL Josh 50 (or 300) Scene Module
**You provide custom names per scene in the module and a digital press for each one in SIMPL

RELAYS

Relays
*Requires: SIMPL Josh Room Module
**Select the device type that corresponds to the relay in Josh Portal

TV / PROJECTORS

Crestron SIMPL - TVs
Crestron SIMPL - Projectors

MATRIX SWITCHERS

Crestron SIMPL - Audio Matrix Switchers
Crestron SIMPL - Video Matrix Switchers

RECEIVERS / AMPS

Crestron SIMPL - Receivers
Crestron SIMPL - Amps

SCENES

Crestron Scenes
*Requires: SIMPL Josh 50 (or 300) Scene Module
**You provide custom names per scene in the module and a digital press for each one in SIMPL

DOOR LOCKS

Door Locks
*Requires: SIMPL Josh Room Module
**Select locked/unlocked logic and "Automatic Door" device type in Josh Portal

Crestron Home + Josh Integrations

LIGHTS

Crestron Home Dimmers
Crestron Home Switches
*Including 3rd party lighting controlled by Crestron Home (e.g. Lutron)

SHADES

Crestron Home Shades
*Including 3rd party lighting controlled by Crestron Home (e.g. Lutron)

HVAC

All Crestron thermostats

AUDIO / VIDEO

Any AV source in Crestron can be added to Josh and Josh can switch to that input.

Josh can directly control the following sources:

- Dish Network
- Xfinity X1
- Sonos
- Heos
- Roku
- Autonomic

FIREPLACES

Fireplace control through Crestron Home quick actions or switches that are controlling fireplaces.

GATES

Gate control with Crestron Home quick actions or switches controlling gates.

GARAGE DOORS

Garage control with Crestron Home quick actions.

FOUNTAINS

Fountain control with Crestron Home quick actions or switches controlling fountains.

LIFTS & SCREENS

Lifts and screen control with Crestron Home quick actions or switches controlling lifts and screens.

RADIANT HEAT (RELAYS)

Radiant heat control with Crestron Home quick actions.

DOOR LOCKS

All Crestron Home controlled door locks will be available in Josh.

RELAYS

Relay control with Crestron Home quick actions.

TV / PROJECTORS

Crestron Home - TVs
Crestron Home - Projectors

MATRIX SWITCHERS

Crestron Home - Audio Matrix Switchers
Crestron Home - Video Matrix Switchers

RECEIVERS / AMPS

Crestron Home - Receivers
Crestron Home - Amps

FANS

Fan's controlled with Crestron Home will be available in Josh.

SCENES

All scenes in Crestron Home will import into Virtual Keypads within Josh allowing Josh to include them in Josh scenes.
