Safe Harbour Statement

Certain statements in this document and in the earning conference call pertaining to Standard Engineering Technology Limited ("SETL" or "the Company") may constitute "forward-looking statements" within the meaning of applicable securities laws and regulations. Such statements include, without limitation, those relating to the Company's future business plans, growth prospects, financial performance, and strategic initiatives, and are based on management's current beliefs, estimates and expectations as of the date of this communication. These forward-looking statements involve known and unknown risks, uncertainties and other factors, many of which are beyond the Company's control, which could cause actual results, performance or achievements to differ materially from those expressed or implied by such statements. Such factors include, among others, general economic and business conditions, changes in government policies, regulations, tax laws and other statutes, market conditions, competitive pressures, and other incidental factors. The Company undertakes no obligation to publicly update, revise or amend any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law or regulation. This document does not constitute an offer or invitation to purchase or subscribe for any securities of the Company and should not be construed as investment advice.
