IMPORTANT INFORMATION

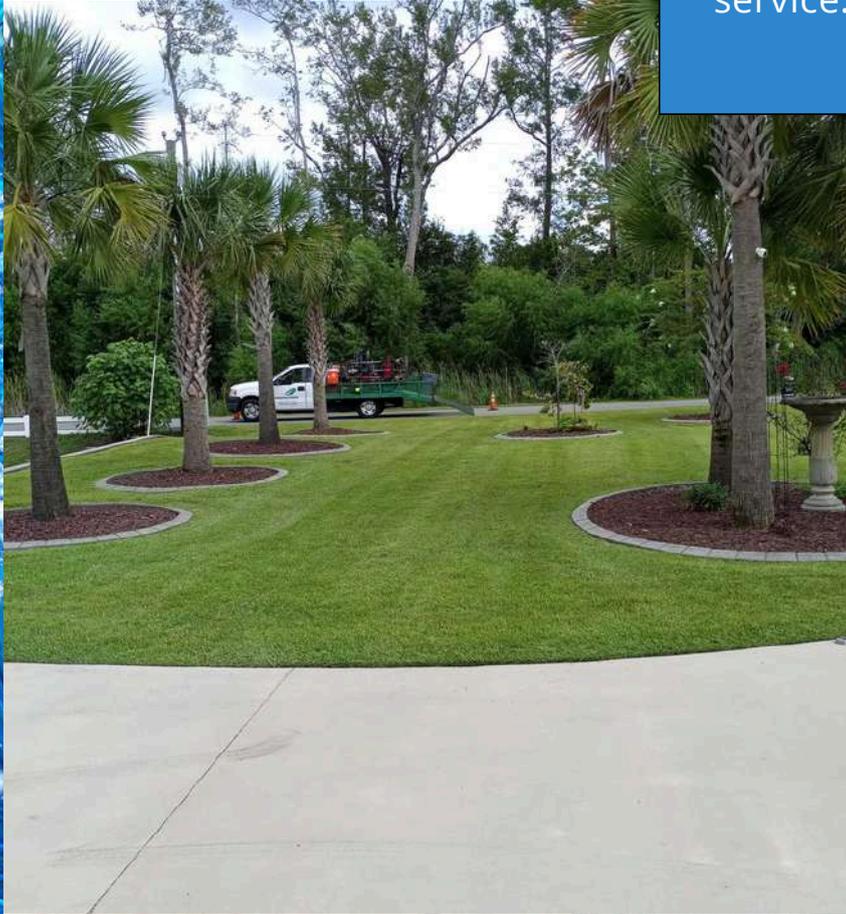

LANDSCAPE LIGHTING

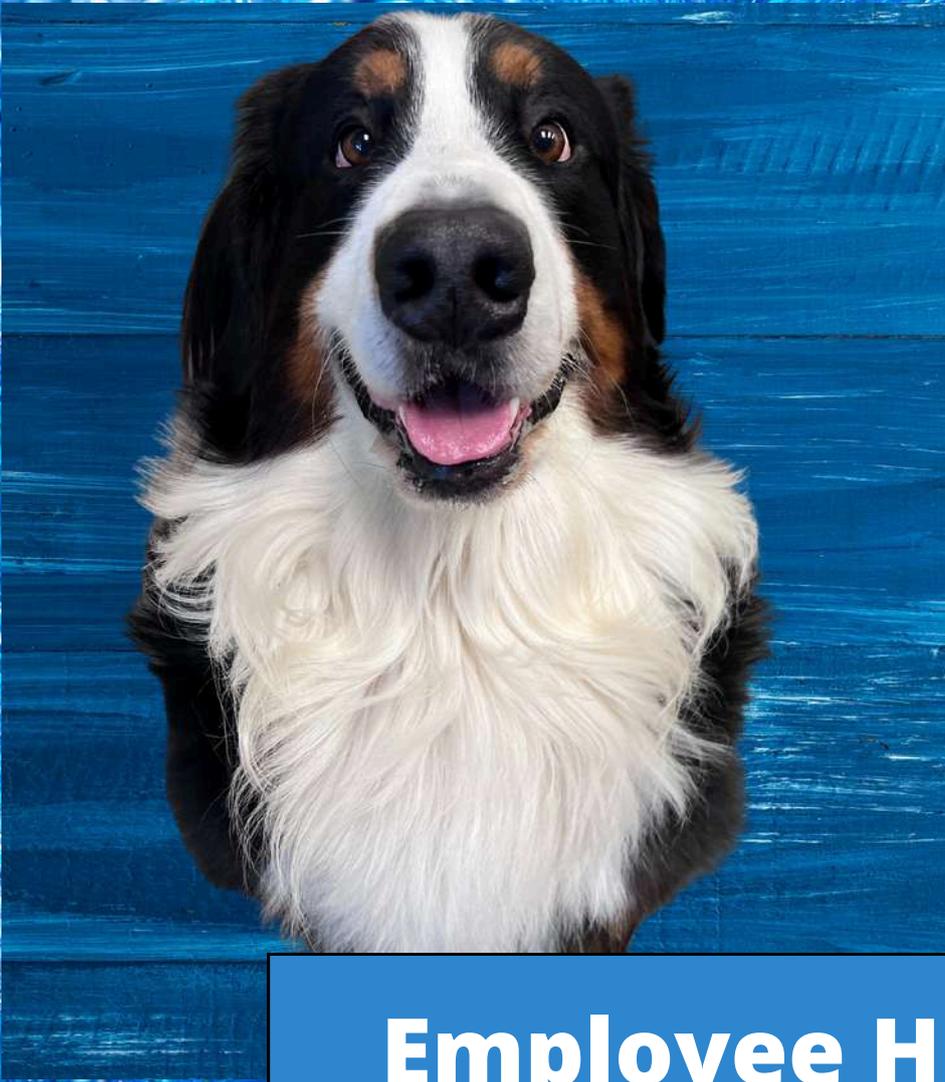

Landscape lighting is a good way to really impress everyone in the neighborhood with accent lights to make your property pop! Stop messing with cheap solar lights and look into a low voltage LED system that will last for years to come!

INSTALLS

It's the perfect time to freshen up those beds if you're having company over for the holidays! We have a shorter wait time with the same great service. Give us a call today for your free estimate.

Employee Highlight

Our Odin

Meet Odin. You may have seen him on our social media posts, riding around in one of our trucks or on our Christmas cards. He is 5 years old, 100 lbs of pure Bernese Mountain dog, sloppy kisses, wet nose and pure sweetness. Odin's perfect attendance record is something to really be proud of. He skips the morning coffee and eagerly heads right to the office where he is greeted every day with treats from the office staff. When he is not riding around in the truck visiting homeowners, he loves long walks on the beach, belly rubs, napping and playing with his younger brother, Zeus. Make sure to have treats on hand because you never know when he may pay you a visit. Thanks for being the face of Amazing Blades, Odin. We love you!
