5 REASONS TO BUY A TERRACORP TANK

Australian Made

The polyethylene material used to manufacture our tanks is sourced within Australia and guaranteed to the best quality.

Locally Owned, Locally Made

We are Territory Proud. We are local, employ local and buy local! We love what we do and it shows in our dedication to customer satisfaction.

Quality Assured

Terracorp and its products are certified to the requirements of ISO 9001. This allows peace of mind that the product and service provided is at the highest standard.

Best Product for the Job

Poly tanks are light-weight, easily transportable and ready to use once on site. There is no risk of rust or ongoing maintenance of your tank.

Fast Turnaround

Our factory is based here in Yarrowonga. We keep a wide range of products in stock and ready to go. Standard tanks can often be dispatched within the week!

Delivery

We deliver locally and work with a wide network of transport companies to get your tank where it needs to go across the Territory and Northern Australia. We strive to keep costs to a minimum and deliver as soon as possible. Free collection from our yard is available.
