

Caseware ReviewComp

Purpose-Built for Reviews,
Compilations and your ad hoc
Professional Accounting Services
engagements

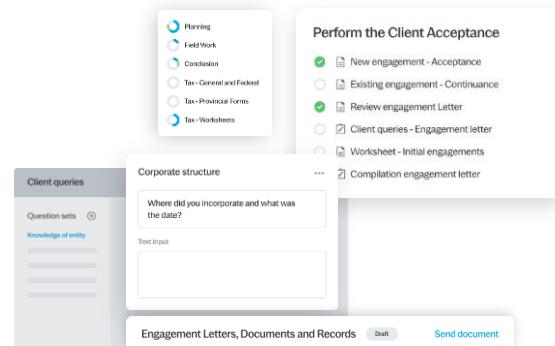

Engagements Set Up in Minutes

Designed for efficiency, ReviewComp dynamically scales and adapts the structure and content to align with the applicable standards

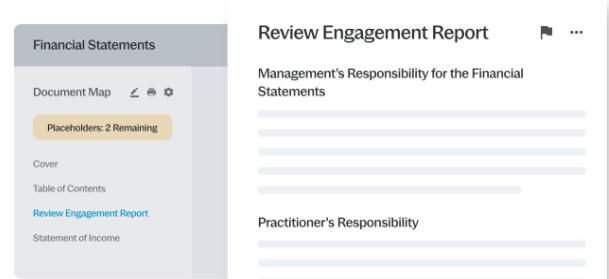

From Request to Review — One Shared File, Always Up to Date

Use the built-in client portal to manage PBC requests and import trial balance data directly into the engagement, then work collaboratively in a single, always-current file

Automated Financial Statements and GIFI Export

Generate tailored financial statements and note disclosures, then export corporate tax GIFI balances in just a few clicks.

Start using Caseware ReviewComp today

Set Up the Engagement

Choose your engagement type and ReviewComp automatically applies the appropriate structure requirements based on PEG methodology.

Import Client TB

Pull trial balance data directly from cloud accounting software like Xero and QuickBooks or import files from desktop systems via Excel or CSV.

Collaborate Seamlessly

Use the built-in client portal to exchange documents, track PBC requests and eliminate endless email chains.

Generate Financial Statements

As work is completed, ReviewComp builds your financials. Note disclosures and report wording are dynamically tailored to the engagement type.

Export GIFI Balances

Once your file is complete, generate corporate tax GIFI balances in just a few clicks.

Migrate with Confidence

Bring your engagements to the cloud with guided support including:

- Trial Balances
- GLs
- Documents like Word, Excel, PDFs
