7. How Long Will We Keep Your Personal Data?

We will keep your personal data for as long as we need to represent you as a tutor or to meet our commercial or legal obligations. We may contact you periodically to update your personal data. To determine the retention period of your personal data, we consider several criteria to make sure that we do not keep your personal data for longer than is necessary or appropriate. These criteria include:

- The purpose for which we hold your personal data;
- Our legal and regulatory obligations in relation to that personal data, for example any financial reporting obligations or safeguarding requirements;
- Whether our relationship with you is ongoing: for example, whether you are still interested in hearing about tuition placements now or in future and whether you still wish to continue to receive marketing communications related to events and updates. Tutors regularly return to Majesta Learning after a break, therefore in most cases we keep their data securely on file until the tutor contacts us to say they wish to be deleted;
- Any specific requests from you in relation to the deletion of your personal data.

Please note: Certain safeguarding-related records may be retained for statutory periods even if you request deletion of other personal data, in accordance with our legal obligations to protect students.
