## EVENT SECURITY &amp; RENTALS

## Comprehensive Protection, By the Detail.

From the perimeter to the entrance - every layer assessed, planned, and staffed by trained professionals.

### Crowd Control & Management

Trained personnel manage access points, entry flow, and crowd density in real time - secure without disrupting the guest experience.

### Walk-Through Metal Detectors

**PARAGON by GARRETT** systems screen every attendee for weapons and prohibited items, with precision that keeps entry moving.

### Canine (K9) Units

Certified K9 teams trained in explosive and narcotics detection - a proactive layer of threat detection before it reaches the venue.

## VIP &amp; EXECUTIVE PROTECTION

## Protection Without Compromise.

Dedicated close-protection operators manage the movement, access, and security of VIPs, executives, and dignitaries at any event - coordinated seamlessly with venue staff and local authorities, without ever disrupting the occasion.

- Access Control
- Secure Movement
- Threat Monitoring
