

SOJO FLIGHT

Sojo Flight™ offers rapid deployment of our mobile equipment with a one-hour setup time and no anchoring required. It includes an integrated air supply, dynamic leveling system, and requires only a single drop power extension. Designed for flexibility, it supports a wide range of packaging formats while drastically reducing freight costs and complexity.

- Automated Packaging
- Freight Savings
- Reduces Shrink
- Quality Control on site
- On-site warehouse setup
- Short- & Long-Term Partnerships
- Staffed & Managed by Sojo
- EHS Positive
- Environmentally Focused
- Warehouse-to-warehouse transfers eliminated
