MegaHub™

RIYADH | SAUDI ARABIA

Launched in 2024, our flagship facility is a high-volume 3PL ambient warehouse with a capacity of 89,000 pallets. The launch of the MegaHub marks a significant step in GES Logistics' strategy to strengthen its position in the Saudi logistics sector and meet the increasingly sophisticated logistics demands of the market.

Defense, Space & Government (DSG)

Specialized ITAR-compliant logistics for defense contractors, military entities, space programs, and government projects.

With Saudi defense spending over \$70B and U.S. deals exceeding \$140B, demand for ITAR-compliant logistics is rising. GES Logistics DSG is mandated to close this gap and advance Vision 2030 localization goals.

Few Saudi players with U.S. registration (SAM, CAGE, ITAR)

\$78 billion

The Kingdom of Saudi Arabia has allocated \$78 billion for defense spending in 2025, up from \$75.8 billion spent in 2024.

Rising demand for ITAR-compliant, secure logistics

Contact Us

As a proud Saudi company aligned with Vision 2030, we're building the future of integrated logistics across the Kingdom and beyond. Whether you need ITAR-certified solutions, global freight, or end-to-end supply chain management, we're here to deliver with excellence.

Connect with us to explore partnership opportunities.
