Taxation

Taxation is a decisive factor in planning business operations. Globalization and cross-border movement of goods and services create complex tax issues requiring thorough knowledge of national tax laws and treaties. Our tax department understands that proper advising in relation to the tax segment of business operations is a necessity.

Capabilities

| | |
|---|--|
| Transactional and M&A Tax | Working closely with our corporate and M&A teams, we advise on all tax issues relating to mergers, acquisitions, divestments, and joint ventures, as well as on large-scale real estate deals for foreign and domestic investors. |
| Corporate Restructurings | Tax issues usually play a dominant role in structuring and implementation of corporate and group restructurings, such as spin-offs, split-ups, hive-downs, and mergers. When it comes to restructuring financially distressed companies, we advise clients on all tax aspects of debt consolidation and debt relief. |
| Tax Disputes | We advise both individual and corporate clients in their relationships with the tax authorities at every stage of a tax audit or dispute. Our team has also developed special skills in criminal tax law, tax offence proceedings and tax penalty procedures as well as tax disputes before tax authorities and judicial bodies. |
| VAT and Indirect Tax | We manage investment portfolios and strategies for companies and institutional clients, ensuring effective asset allocation. |
| Regulatory Compliance | We ensure that businesses comply with financial regulations, including anti-money laundering (AML) and know your customer (KYC) requirements. |
| Fiscal Incentives | Incentives are often used to stimulate FDI and can hold more value than the capital committed initially, with longer-term benefits including raised employment, exports and tax revenue. Our tax team is experienced in advising on fiscal incentives including those connected to some sort of tax break such as tax holidays or reduced tax rates as well as direct subsidies. |
| Taxation of energy enterprises | We have members of our tax team who are specialists in the taxation of energy enterprises, including the special tax regime for power plants, and have assisted with a number of reorganizations and acquisitions in the energy sector. |
| Employee and ex-pats Tax and Payroll | We help our clients to develop their employment tax strategy, including salary restructuring and benefits arrangements, such as salary sacrifice schemes, flexible working arrangements and cost-effective benefit schemes to reduce employer costs. |
| Real estate taxation | Our tax team can provide advice related to, inter alia, taxation of rental income, property taxation, capital gains taxation either in acquisitions or disposals, structuring real estate transactions, optimization of property-related taxes. |
