Who We Are

Intuitions and Values

1961

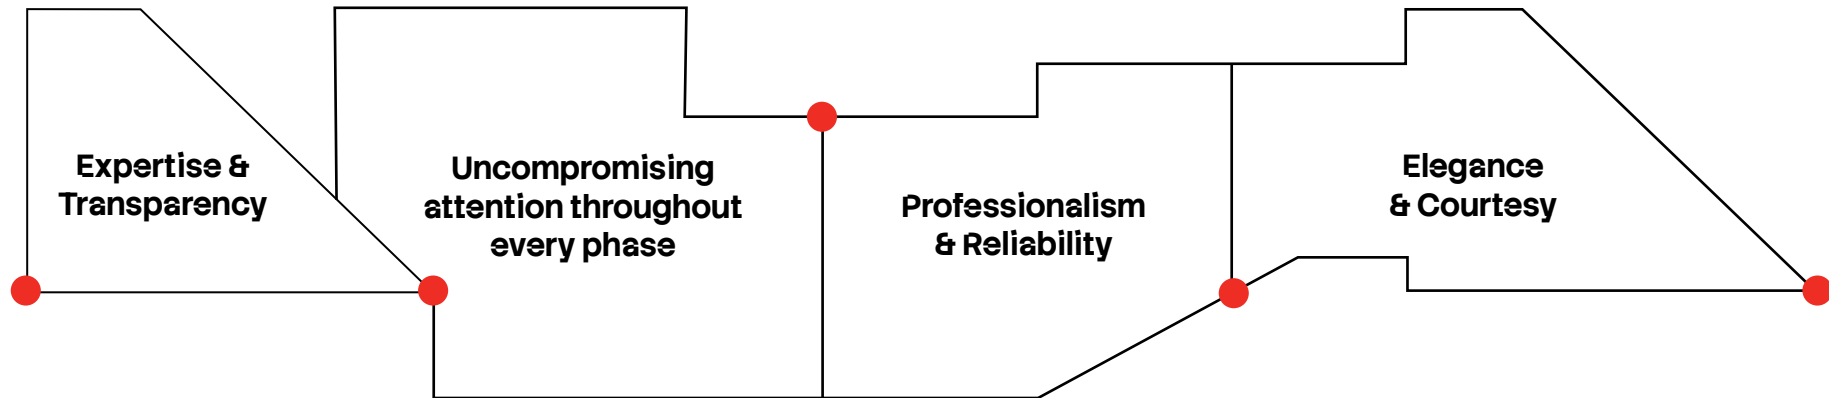

Artes Group International was founded in 1961, establishing its headquarters in Settimo Milanese, just outside Milan.

It was not long before Artes established itself as a benchmark for its excellence in tailor-made furniture and installations.

Today:

The company has cemented a successful presence in a highly competitive market, collaborating with prestigious brands across the fashion, beauty, food, and design sectors. Its approach is based on a comprehensive, full-service offering, covering everything from developing original creative concepts or engineering those provided by clients, through to manufacturing and on-site installation. Its strength lies in translating clients' ideas into tangible, viable solutions.

Artes is a people-focused organisation and a professional, trustworthy partner. We believe that meticulous attention to detail, along with deep mutual trust, is the cornerstone of every successful collaboration.

Our mission: Bringing to life solutions that effectively interpret our clients' communication and logistical needs, while fully respecting their unique identity and values.

Why Artes

At Artes, we pride ourselves on being a partner where technical expertise and human connection go hand in hand.

Our uniqueness lies not just in our know-how, but in our approach to execution: a commitment to meticulous care, reliability, and genuine collaboration.
