

We connect the economy for sustainable business.

About

Unite is a purchasing service provider from Germany and operates a neutral e-procurement platform with an integrated marketplace for companies and the public sector. It has been certified for responsible tax behaviour and sustainability efforts. In 2024, its turn-over amounted to €448.7 million. More information: unite.eu.

Unite 2026

In 2026, Unite will roll out groundbreaking services for its users, adding an important component to its established e-procurement platform with integrated marketplace. Unite will not only offer a new, intuitive user interface, but will also roll out services that help B2G and B2B buyers optimise costs, benchmark conditions and implement a holistic strategy in indirect purchasing based on their individual data.

Unite x Mercanis

The partnership between Mercanis and Unite brings customers the best of both worlds: Unite's extensive catalogues and Mercanis' Agentic AI. Together, they enable smarter procurement — requests capture themselves, products are identified with precision, and decisions happen faster.
