

Böcker AHK36 Trailer – Mounted Crane

Combining high performance, compact manoeuvrability, and sustainability, the Böcker AHK36 is a versatile trailer-mounted spider crane.

Overview

The Böcker AHK 36 combines strong lifting capability with a compact, towable design, making it ideal for sites with restricted access. Its advanced mast system and flexible boom configuration allow precise lifting in tight spaces, while its lightweight construction ensures easy transport and efficient setup.

Ideal for: Construction sites, urban lifting, and confined access environments
