## FROM CAIRO LANDMARK TO CULINARY ICON

## THE EARLY YEARS

### 1947: THE BEGINNING OF A CULINARY LEGACY

The story of Abou Shakra is one of humble beginnings and grand aspirations. Established in the heart of Downtown Cairo, our first restaurant quickly garnered fame, becoming a cherished destination for locals and tourists alike.

It was here that we laid the foundation of our culinary philosophy – quality, authenticity, and warm Egyptian hospitality.

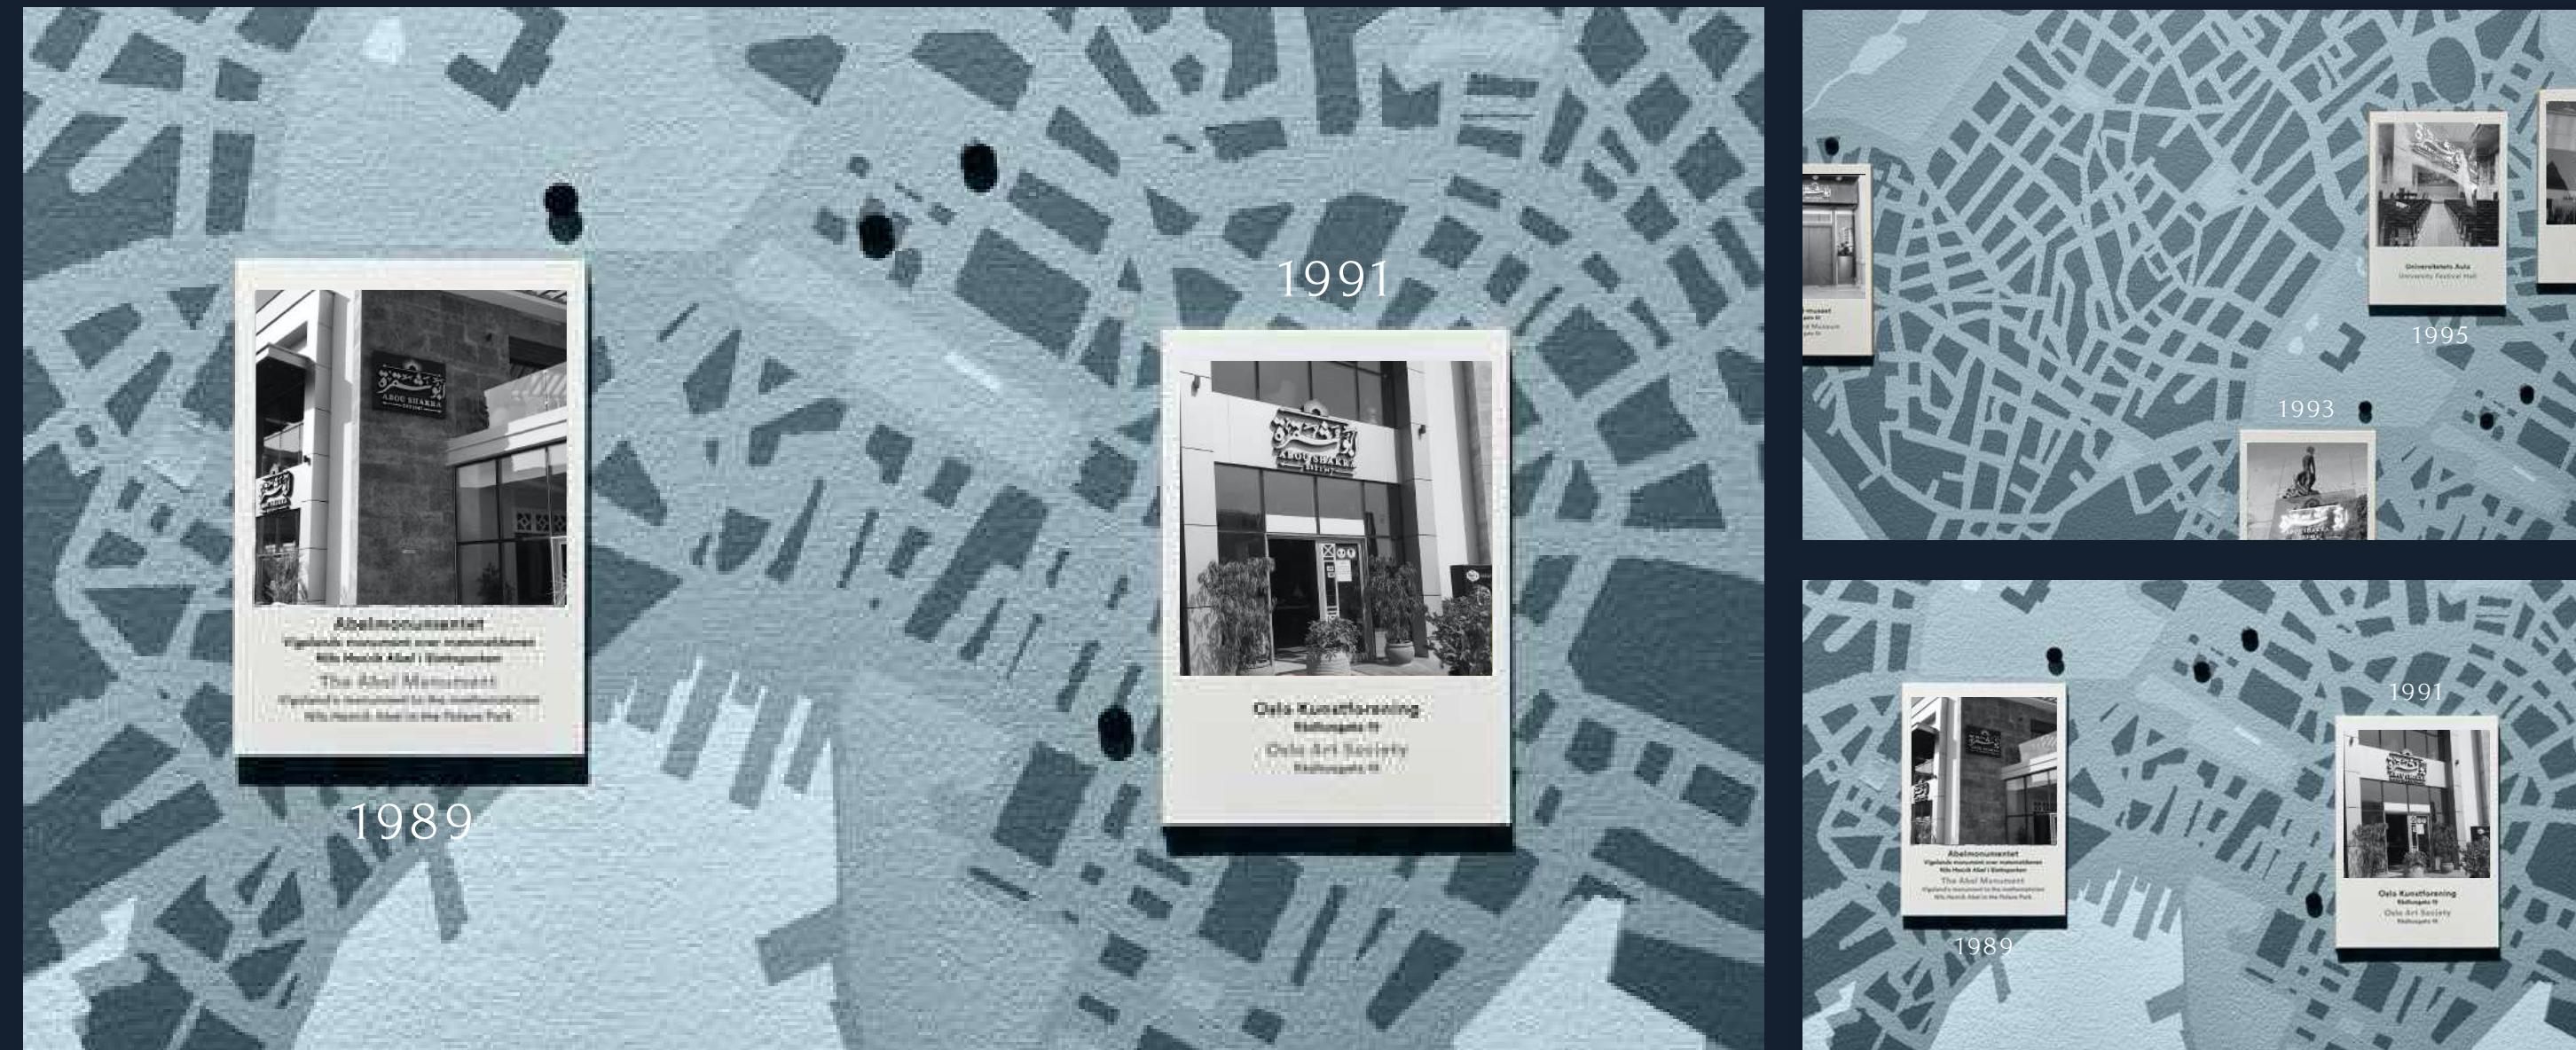

## EVOLUTION AND TRANSFORMATION

1958-1989  
ADAPTING AND INNOVATIONS

In the mid-1980s, Abou Shakra embarked on a transformative journey. Adapting to societal changes and new culinary trends, we expanded our offerings, opening our second branch in El-Mohandeseen in 1989.

This era marked our foray into international franchising, a significant milestone in our global journey.

STRATEGIC GROWTH  
1989-1996  
EXPANDING OUR HORIZONS

This period was characterized by strategic growth and diversification. We established new branches, each echoing our commitment to culinary excellence. Our partnership with a Saudi Arabian company paved the way for the first franchising venture, significantly enhancing our international presence.

At Abou Shakra, quality is paramount. We source the finest ingredients, ensuring every dish celebrates the rich and authentic flavors of Egypt.

Our chefs, true artists in their own right, craft specialties that are not just meals, but culinary experiences to be savored and remembered.
