

## Referred Patient Status Dashboard

# faster referrals, easier updates

Good news! We've streamlined the way you refer patients and stay informed on their progress with Manatee.

### Streamlined referrals

Our new online referral form can now be completed in one seamless flow—no more clicking through multiple pages.

#### Prefer to refer via fax?

No problem! We're continuing to accept fax referrals as before.

### Monthly patient updates

Starting next month, you'll receive a monthly patient update email for any referrals you make through our new form.

Each message will include a direct login link where you can quickly see referral status and care progress.

You will continue to receive patient care plans and discharge summaries via fax.

## how-to referral form

Our referral form is still accessible via  
[getmanatee.com/referral](https://getmanatee.com/referral).

### If you're new to referring to Manatee

1. Click "Add new" under Clinic or Organization and complete the prompt.
2. Click "Add new" under Select a Provider and complete the prompt.
3. Complete Patient & Caregiver Information and Referral Notes.

Your email is required to send patient updates. Afterwards, you can search and select your clinic and name whenever you make a new referral.

### If you've referred to us before

1. Under Clinic or Organization, search and select your clinic or organization.
2. Then, search and select your name from the provider list.
3. Complete Patient & Caregiver Information and Referral Notes.

This ensures your referred patients are correctly linked to you.

## patient dashboard

1. You'll receive a monthly patient update email for the referrals you've made from now on. Only referrals made after 10/13 and those made via fax or using our secure portal will be included.
2. Click the secure link in the email to access the dashboard - no password required, but to keep things secure, this link will expire in 24 hours.
3. From the dashboard, you can view referral statuses for your patients.
4. To view the dashboard later on, you can use the same link to request a new login link to be sent to your email.
