

An Exclusive Venue

Little Ginger is a unique, stylish, modern industrial warehouse venue. Fully licensed, and staffed providing you and your guests with many 'wow' factors.

You receive the sole use of the entire indoor and outdoor areas for your special day.

Inside the industrial polished concrete offers an elegant backdrop, perfect for your ceremony, then can be transformed to a stylish cocktail area and dance floor for you and your guests to celebrate afterwards.

The dining zone, with exposed white beams, lanterns, swagging to the roof, soft furnishings and hundreds of fairy and festoon lights, provide a sophisticated vibe. This area is fully air-conditioned/heated, perfect for your guest tables and catering set up. Want something more casual, rather than a full sit down add in some of our bar tables with stools, or low tables with chairs.

Our experienced team will help you create a memorable, seamless day, whether it be from working with you step by step with design packages through our in-house styling team, or giving you the assistance you need to design your own event.
