

# Cookie Policy

We would like to inform you about the types of cookies used on our website, the purposes for which these cookies are used, and how they can be managed and deleted.

You may visit our website without providing any personal information and obtain information about our products and services. During visits, certain cookies are used to collect information regarding site usage. Our aim is to provide convenience to users visiting our website and to continuously improve our services.

## What Is a Cookie?

A cookie is a small text file that is stored on your computer or mobile device via your browser when you visit a website. Cookies enable websites to operate more efficiently and allow personalized pages to be presented in order to provide a faster and more suitable browsing experience based on your preferences.

Cookies only contain information related to your browsing history on the internet and do not collect any information stored on your computer or mobile device.

## Types of Cookies and Their Purposes

Cookies are classified as **Session Cookies** and **Persistent Cookies** based on their duration.

- **Session Cookies** are created during your visit and remain valid until you close your browser.
- **Persistent Cookies** remain on your device until they are deleted by the user or expire automatically. These cookies are used to provide a personalized experience in line with your preferences.

The types of cookies and their purposes are described below:

### Strictly Necessary Cookies

These cookies are essential for the proper functioning of our website. For example, they are used for authentication and to prevent loss of information related to your active session.

These cookies are used solely for security and verification purposes and are not used for marketing activities.

## **How Are Cookies Collected?**

Data is collected through the devices you use to access our website via browsers. The collected information is device-specific. Users may delete this information at any time and disable access to it.

### **Functional Cookies**

These cookies allow the website to remember user preferences. For example, they store language preferences or text font size selections.

If these cookies are disabled, some personalized features may not function properly and your preferences may not be remembered.

### **Performance and Analytics Cookies**

These cookies help us improve our website. They collect information about how visitors use the site, monitor site performance, and detect technical issues or errors.

### **Targeting and Advertising Cookies**

These cookies are used to promote products and services on our website or external platforms, display relevant and personalized advertisements in collaboration with our partners, and measure the effectiveness of advertising campaigns.

## **Privacy Policy**

Your privacy is important to us. Protecting your privacy and security rights is one of our fundamental principles. You can access our Personal Data Protection and Privacy Policy on our website for more detailed information.

# How Can You Control Cookies?

You may delete existing cookies on your device or prevent new cookies from being stored via your browser settings.

Most internet browsers accept cookies automatically by default. Cookie management options may vary depending on the browser you use. For detailed information, please refer to your browser or application help menu.

Examples:

- **Google Chrome**  
Settings → Advanced → Privacy and Security → Site Settings → Cookies and Site Data
- **Internet Explorer**  
Settings → Internet Options → Privacy → Advanced Settings

Most browsers allow you to:

- View and delete saved cookies
- Block third-party cookies
- Block cookies from specific websites
- Block all cookies
- Delete all cookies when closing the browser

Please note that deleting cookies will remove your saved preferences on the relevant website. Blocking all cookies may prevent Uniqgene's website and many other digital platforms from functioning properly.

## Managing Cookies on Mobile Devices

### Apple Devices

- You can clear cookies and browsing history via:  
Settings → Safari → Clear History and Website Data

- To delete cookies while keeping browsing history:  
Settings → Safari → Advanced → Website Data → Remove All Website Data
- To enable private browsing:  
Safari → Tabs Icon → Private → Done
- To block cookies:  
Settings → Safari → Block All Cookies

Please note that blocking cookies may cause some websites and features to function improperly.

## **Android Devices**

- To clear cookies:  
Chrome App → Settings → Privacy → Clear Browsing Data → Cookies, Media Licenses and Site Data → Clear Data
- To allow or block cookies:  
Chrome App → Settings → Site Settings → Cookies
