

# ROLO

Recessed LED COB Downlight

**ROLO** is a compact recessed LED COB downlight designed for clean, efficient illumination in interior architectural applications. Built with a robust die-cast aluminum housing and a high-efficiency CREE COB light source, it delivers stable lumen output with excellent thermal management and long service life. Multiple beam angle options (15° / 24° / 36°) allow precise control for accent, task, or general lighting, while the sandy white finish ensures seamless ceiling integration. With IP20 protection, high CRI (80–85), and a range of wattages and cut-out sizes, ROLO is ideal for residential, retail, hospitality, and commercial spaces where reliability, visual comfort, and a discreet aesthetic are required.

## Technical Data

Product Type	Recessed LED COB Downlight
Light Source	LED COB
LED Chip	CREE
Luminous Efficacy	80 lm/W
Beam Angles	15° / 24° / 36°
CRI	80–85
Housing Material	Die-cast Aluminum
Finish	Sandy White
Installation	Recessed Ceiling
IP Rating	IP20

	Wattage	Lumen	Size (Ø×H mm)	Cut-out (mm)
7060501	5W	400 lm	Ø51 × 70	Ø45
7060802	8W	640 lm	Ø62 × 70	Ø55
7061003	10W	800 lm	Ø72 × 77	Ø65
7061204	12W	960 lm	Ø82 × 77	Ø75
