

TITO 6W

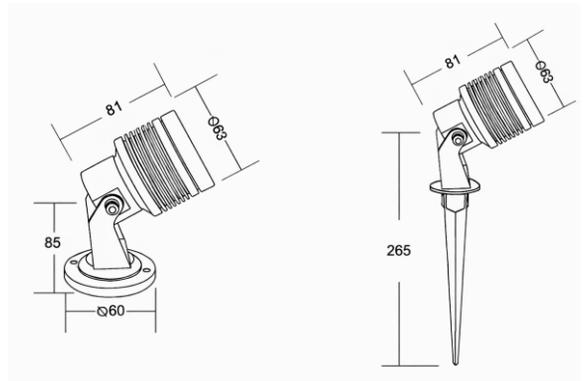

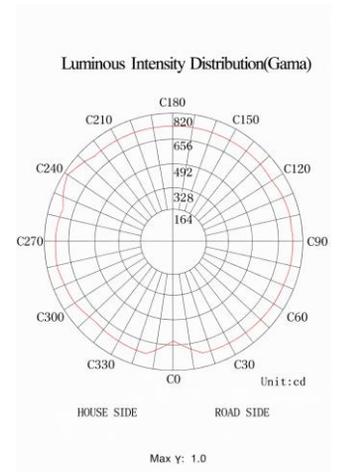

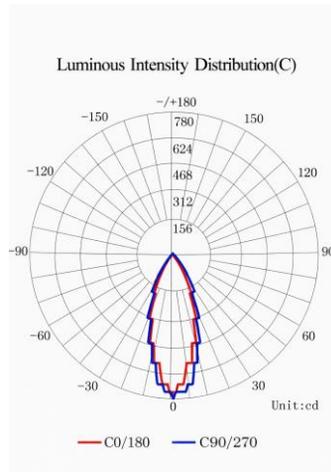

Directional LED Spike & Surface Spotlight

TITO 6W is a compact outdoor directional LED spotlight designed for precise landscape and architectural accent lighting. Built with a robust aluminum housing and IP65 protection, it is suitable for demanding exterior environments such as gardens, pathways, planters, and façade details. The fixture features a high-efficiency COB LED paired with optical lenses that deliver controlled, glare-reduced illumination and defined beam distribution. Adjustable aiming allows accurate light placement for focused accents or wider coverage, while the constant-current driver ensures stable output and long service life. Available with ground spike or surface mounting options, TITO 6W offers reliable performance, clean aesthetics, and installation flexibility for professional outdoor lighting applications.

Technical Data

Housing	Aluminum anodized finishing & powder painting
Glass	Tempered glass, T = 3 mm
Lens	Optical lens, efficiency ≥ 85%
Cable gland	Copper and nickel coated
Gasket	Tooling shaped seal
LED	1 × 6W CREE COB LED
Wattage	6.5 W
Beam Angle	15° / 25° / 38° / 60°
Driver	Constant current output
Input Voltage	220-240V 50/60Hz
Spike	PVC (grey or black)
Mounting base	Aluminum anodized finishing or powder painting
Power cable	H05RN-F 2×0.75 mm ² L = 1 m (low voltage) H05RN-F 3×0.75 mm ² L = 1 m (high voltage)
IK Rating	IK04

Mounting Options:
Surface-mounted: Adjustable bracket (U-bracket)
Spike-mounted: Ground spike

Optional Accessory:
Hood
