

# FORNO D80

Recessed LED Wall/Step Light

**FORNO D80** is a compact recessed LED wall light designed for discreet, glare-controlled illumination in architectural interiors. Its clean circular profile allows seamless integration into walls, providing soft guidance lighting without visual clutter. Ideal for corridors, staircases, hotel rooms, and residential pathways, FORNO D80 enhances safety and spatial definition while maintaining a minimalist aesthetic.

Engineered for consistent performance and long-term reliability, it is a practical solution for projects that require subtle accent lighting with a refined, modern finish.

## Technical Data

Type	Recessed LED wall light
Mounting	Recessed wall
Shape Options	Round / Square
IP Rating	IP65
IK Rating	IK10
Beam Angle	60°
Finish	Gray RAL9007 Matt Black RAL9006 Silver RAL 9005 Customized Colors
Application	Indoor / Outdoor circulation areas
Light Output	Asymmetric / glare-controlled
Installation	Built-in with recessed housing
Function	Step light / guidance light / accent
