

MODIO B

Architectural LED Wall Light (Up & Down)

MODIO B is a compact architectural LED wall light designed for controlled up-and-down illumination in modern exterior and semi-exterior environments. Its slim, minimalist form integrates discreetly into façades, entrances, corridors, and courtyards, delivering precise light distribution with strong visual comfort. The polarized lens system ensures defined beam control, enhancing architectural surfaces without glare, while the robust aluminum housing provides durability in demanding outdoor conditions.

Engineered for flexibility, MODIO B features selectable color temperature via an internal switch and supports easy series installation through loop-in/loop-out wiring.

TECHNICAL DATA

Model No.	Wattage	Dimension (mm)	Lumen (±5%)
7075061	2×3W	135 × 90 × 30.5	670 lm
7075103	2×5W	180 × 90 × 30.5	1050 lm
