BOARD OF DIRECTORS MEMBERSHIP

Aug 2023 – present Riyadh, Saudi Arabia	Saudi Accreditation Centre, Board Member - Appointed by a Royal Decision the Prime Minister of Kingdom of Saudi Arabia at Saudi Arabia's authorized entity of accreditation and regularity compliance. - Overseeing the center's plans and policies. Deciding its strategic objectives. - Member of the centre's Nominations and Rewards Committee.
Sep 2023 – present Yanbu, Saudi Arabia	Radwa Sports Club, Board Member - Overseeing Club's plans and policies. - Deciding Club's strategic objectives. - Managing Club's Investment Committee, reporting to Ministry of Sports.
Mar 2021 – present Yanbu, Saudi Arabia	Yanbu Chamber of Industry and Commerce, Deputy Chairman & Board Member - Representing chairman when necessary. - Issues what is necessary in terms of financial and administrative regulations. - Member of the Local Industry Committee.

PROFESSIONAL EXPERIENCE

Aug 2024 – present Yanbu, Saudi Arabia	EXPORT Wooden Pallets Factory (Mmanufacturing Industry), CEO - Overseeing daily business, administrative and technical operations. - Developing and implementing start-up & growth strategies. - Lead technical manufacturing, business relations, and supply chain.
---	---

ALSAMAMAT Industrial Services Co. LTD (Maintenance Industry in Oil & Gas)

May 2021 – present Yanbu Indst. City, KSA	General Manager - Overseeing daily business, administrative and technical operations. +200 employees. - Developing and implementing growth strategies. KPIs compliance by 86%. - Analyzing accounting and financial data. Raised revenues by 66% since joining. - Driving a culture of change to meet the company's objectives. - Lead complex projects and attend deal formation & kick-off meetings with clients.
Aug 2020 – May 2021 Yanbu Indst. City, KSA	Project Engineer - Maintaining and modifying equipment to ensure that it is safe, reliable and efficient. - Analysing and interpreting RFQs as part of bidding process. - Deciding on proper engineering techniques and milestone sequences for project stages. - Set targets for activities based on project charter & ensure it meets client's specifications. - Work with others involved in projects and directs the daily workload of subordinates.
Feb 2013 – May 2016 Yanbu Inds. City, KSA	Administration Cordinator - Attending meetings and preparing minutes of meetings. - Preparing entry permits for employees when visiting companies or government sites. - Follow up on the implementation of tasks assigned by management to employees.

SKILLS

Project & Program Management | Creative Problem Solver | Change Management | Analytical Reasoning | AutoCAD | Microsoft Office | Organizational Planning | Team Leadership | KPIs-P | Strategic Planning | Data Analysis | Supply Chain Management | Effective Negotiation | HR Strategy | Technical Writing | RCA & RMP | Decision-Making | Time Management | Policy Formation | Coaching | Social Intelligence | Deep knowledge of Vision 2023 objectives

COURSES & CERTIFICATIONS

2024	Risk Management Professional (RMP) Certified , Project Management Institute (PMI)
2023	Project Management Professional (PMP) Certified , Project Management Institute (PMI)
2023	Key Performance Indicators Professional (KPI-P) certified , The KPI Institute
2022	Certified Change Management Professional (CCMP) , Excellence Learning
2021	Electrical Motors Root Cause Failure Analysis , EASA
2020	ISO 9001 : 2015 Certified Lead Auditor , SAI Global
2020	Executive Leadership Programme Certification , The National Society for Leadership, USA
2020	Root Cause Analysis , SAI Global
2019	ASME Standards & Certifications , ASME
2019	Lean Six Sigma (Black Belt) , The Council of Six Sigma
2018	26 PDU's Contact Hours In Project Management , MTSU
2018	Strategic Career, Self-Management , The State University of New York

LICENSES & MEMBERSHIPS

The National Society for Leadership and Success (*Executive Member, MTSU Chapter, USA*) | **KSA Chapter Member** (PMI) | **ASME** (*Member*) | **OSHA** (*10 Hrs General*) | **Saudi Engineering Council** (*Member*) | **Adult CPR/AED Licensed** (EMS)

PROJECTS (ONLY PARTIAL LIST - TOTAL PROJECTS IS +40)

Jan 2023 – Feb 2023	Polymers Processing Unit (Turn-Around), Yansab, a SABIC Affiliate, ALSAMAMAT - Accountable for Leading multicultural team of 194 members. - Leading the execution of cleaning & hydro-testing as well as overhauling, calibration, testing, commissioning of total 721 Static Equipment of Control and Manual Valves. - Ensuring engineering methods & resources coincide adequately within the project's capital. - Responsible for implementation of project WBS utilizing both internal & external resources to allow efficient execution of all work assigned, inclusive of both capital and expense work.
Nov 2022 – Dec 2022	East Water Distribution line, SWCC, ALSAMAMAT - Leading execution of assigned capital and expense project. - Leading the planning, scheduling, and execution of overhauling, calibration, configuration, testing and commissioning of total 78 valves including PSVs and Control Valves. - Ensuring maintenance & quality practice is well established as per safety & client standards. - Participating in technical meetings to ensure proper apply of engineering methods. - Overseeing field activities and coordinate with lead planners to meet target outcomes.
Nov 2021 – Dec 2021	Ethylene-Glycol Processing Unit (Turn-Around), Yanpet, a SABIC Affiliate, ALSAMAMAT - Accountable for meeting KPIs to ensure project execution effectiveness. - Leading the execution of two Oxygen Spargers cleaning and hydro-testing as well as overhauling, calibration, testing and commissioning of total 219 Control Valves. - Ensuring engineering methods & resources coincide adequately within the project's capital. - Responsible for implementation of project WBS utilizing both internal & external resources to allow efficient execution of all work assigned, inclusive of both capital and expense work.

Oct 2020 – Mar 2021	East-West Master Gas Pipeline, Saudi Aramco, Eastern Province, ALSAMAMAT - Leading execution of assigned capital and expense project. - Leading the overhauling & hydro-testing of 520 valves of various sizes 8'-56' at field. - Responsible for managing site activities, testing, overhauling activities as well as holding meetings with stakeholders to assure deliverables are meeting quality and safety standards.
Feb 2021 – Feb 2021	Oxygen Production Unit (Turn-Around), GAS, a SABIC affiliate,, ALSAMAMAT - Actively manage the execution of assigned capital and expense projects. - Ensuring engineering & construction resources adequately within the project's capital. - Accountable for meeting (KPIs) to ensure project execution effectiveness.
Aug 2020 – Sep 2020	Steam Turbine Generator Plant (Shut-Down), Marafiq Co., Yanbu, ALSAMAMAT - Leading execution of assigned capital and expense project. - Leading the planning, scheduling, and execution of overhauling, calibration, configuration, testing and commissioning of total 188 valves including PSVs and Control Valves. - Ensuring maintenance & quality practice is well established as per safety & client standards.
Sep 2018 – Jun 2019	Solar Energy Boat, Middle Tennessee State University - Team member of the university's constructed solar electric boat, featured 100% student made 16 foot vacuum carbon fiber hull. Constructed for the purpose of ASME competition - Design focused on an improvement in the areas of solar energy, aerodynamics, hydrodynamics, and instrumentation. Including using CNC and 3D printing technologies. - Awards: Outstanding Drive Train Design , Outstanding Workmanship & Sixth Place Overall.

AWARDS

Jul 2018	Dean's List, Middle Tennessee State University (MTSU) Being on the Dean's list for outstanding academic performance for the term of spring 2018
May 2013	National olympiad for scientific creativity (scientific research), Ministry of Education A research study titled "An investigation into the causes and effects of the local environment on Mango trees in Yanbu industrial city" this study questioned the reasons behind low growth, bad shape, and the quality decrease of Mango trees in Yanbu during 2012-2013. This competition has been held at the National olympiad for scientific creativity (creativity 2013). The certificate has been issued by The Ministry of education in the Kingdom of Saudi Arabia.
Apr 2012	National olympiad for scientific creativity (Innovations), Ministry of Education Third place for an Eco Friendly Home Model that improves the experience of our life - at the National olympiad for scientific creativity (creativity 2013). The certificate has been issued by The Ministry of education in the Kingdom of Saudi Arabia.
May 2012	First-Lego League Saudi, Royal Commission for Jubal and Yanbu Effective participation in local competition - building robots

VOLUNTEERING EXPERIENCE

2019 – 2020	Nashville Rescue Mission, Meal Preparation
2019 – 2020	American Red Cross, Blood Donor Ambassador
2010 – 2014	Saudi Aramco-Exxon Mobil (Samref), Future Leaders Team
2014	Yanbu Art Gallery, Event Facilitation & Organiser
2013	Flowers and Gardens Festival, Event Facilitation & Organiser
