Leven, Manchester

📷 Contemporary comforts: the Leven in Manchester

Although the rooms and lobby lounge started taking guests in late November, the Leven doesn't fully open until spring, when its cocktail bar and huge restaurant will welcome the first diners and drinkers. Converted from an early 20th-century warehouse, it has 42 rooms, combining exposed brickwork and high ceilings with contemporary comforts, including 100% natural mattresses and Grown Alchemist bathroom treats. Conveniently located on the corner of Canal and Chorlton Streets, it is the ideal refuge after a night on the town.
