OASE

About OASE

OASE is a non-profit cultural venue based in a former shipyard warehouse by the water in Rotterdam. We're here to explore what a more social, sustainable city could feel like. One where wellbeing matters more than constant hustle.

Part community space, part cultural playground, part living room for the city. Across our indoor spaces and waterfront, you'll find talks, exhibitions, dinners, workshops, listening sessions, club nights and all kinds of unexpected encounters. We also share the space with artists, makers and grassroots initiatives shaping the city in their own way.

About OASE's Strandtent

OASE's Strandtent is our sunny experiment in making better use of the quay: more green, more biodiversity, more space to slow down, meet people and hang out by the water.

The menu takes inspiration from the Mediterranean and the Levant, with dishes and drinks connected to the people and stories behind them. And each month, we invite someone to curate something rooted in their heritage. Definitely try the Persian Firni by our chef Yas, made from her own family recipe.

Almost everything around you has a story. So have a wander, grab a book from the library, check out the programme, or just stay a little longer than planned.

Make yourself at home. We're really happy you're here.

Our Strandtent isn't your typical café.

It is all about slowing down, connecting and having fun. From pingpong to books, hair cuts and sauna seshs, to live music and bingo. There's always something to do beyond just drinks and food.

Look around for our games & books. Book the sauna at Kuuma and contact Groovin' for a fresh cut. Find our Bingo and calendar on the next pages.
