The Details

- MCC has undertaken a financial restructuring to **reset its balance sheet and position MCC for long-term growth**.
- MCC has a restructuring support agreement with its key stakeholders, which is being implemented through a “prepackaged” Chapter 11 process in the U.S.
- In the U.S., a prepackaged Chapter 11 is a **commonly used legal tool that allows companies to rehabilitate their balance sheets while continuing to operate as normal**. Our business, locations and service delivery continue as normal.
- We **intend to move through the restructuring process quickly**; a confirmation hearing on the restructuring plan is scheduled for March 31.

This is a positive step forward for MCC, including our customers, partners, people and other stakeholders. Thank you for your continued support.
