

Full-Height Turnstile

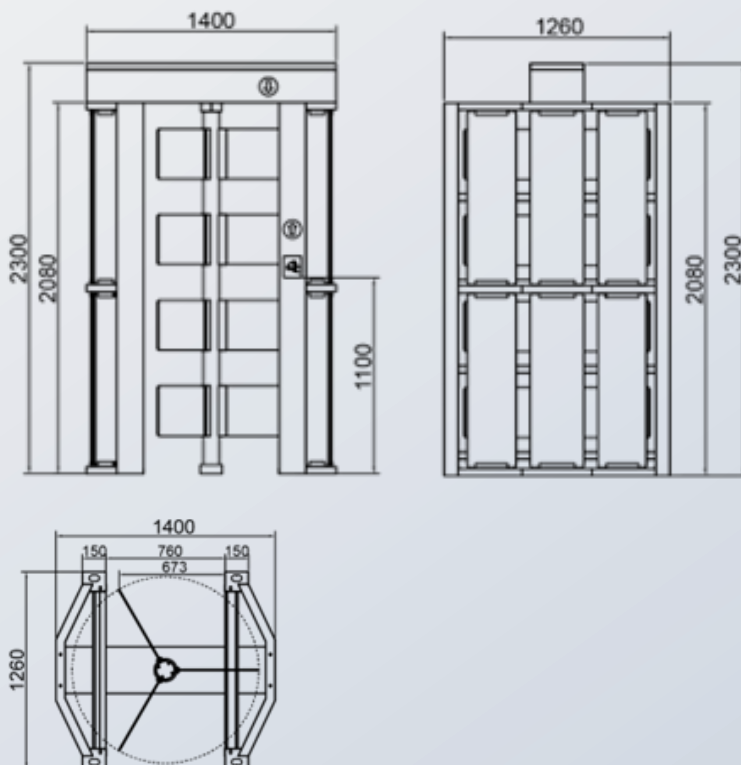

ID GATE 2200

PRODUCT DESCRIPTION

The ID GATE 2200 is a full-height turnstile for demanding access control scenarios where security, robustness, and continuous availability are key priorities.

Whether in swimming pools, parking garages, industrial facilities, airports, fitness centers with 24/7 access, or public transport areas, the system reliably protects against unauthorized access and enables a clearly defined access situation.

DIMENSIONS

HIGHLIGHTS

- Full-height turnstile for high-security access control solutions
