

Slim Tracking Tag

SLIM CARD TAG

PRODUCT DESCRIPTION

The Slim Card Tag is a card-style tag that utilizes a Bluetooth crowd-sourcing network to track objects globally without the need for a SIM card. Manufactured with cold-press technology, the device boasts a 1.6mm thick customizable color-patterned body and IP68-rated water and dust resistance protection. Compact and versatile, it easily fits into a backpack, purse, or luggage tag. Powered by a high-capacity, disposable lithium battery, the Slim Card Tag ensures up to three years of uninterrupted, reliable use.
