

Turnstile

ID GATE 6200

PRODUCT DESCRIPTION

The ID GATE 6200 is a robust and versatile turnstile for secure access control in public and commercial facilities. Whether in fitness studios, museums, or amusement parks, the system ensures a smooth, controlled flow of people and increases security in sensitive areas.

Thanks to its compact dimensions, high operational reliability, and options such as ticket- or transponder-based access, the ID GATE 6200 is ideally suited for highly frequented passageways.

DIMENSIONS
