

# 270 CFM Enclosed Engine Driven Rotary Screw Compressor

## Features

- Industrial grade rotary screw airend
- Industrial grade drive engine
- Electric start drive engine
- Engine idle control to meet air demand
- High oil temperature shut down
- High air temperature shut down
- JIC quick connect air & oil lines
- Low engine oil shutdown
- Quick service compressor filters
- Vibration mounting pads
- 12 Volt compressor air & oil cooler pack\*
- 220 PSI maximum working pressure

## Package Options

- Battery for engine electric start
- Cold weather heating package
- Compressed air regulator control pack
- Cover color change
- Drive engine control extension
- High ambient temperature cooling package
- 6 or 12 gallon EPA, DOT rated fuel cells
- 6 or 30 gallon air storage tank

\* Cooler pack to be mounted external to compressor system. 12 volt control voltage connection to be supplied by vehicle/equipment compressor is mounted to.

270 CFM @  
100 PSI

240 CFM @  
150 PSI

| Model       | CFM @ 100 PSI | CFM @ 150 PSI | Engine Brand  | Auxiliary Fuel Tank Required | LxWxH    |
|-------------|---------------|---------------|---------------|------------------------------|----------|
| RS70DEC-ENC | 270           | 240           | Kohler Diesel | Yes                          | 78x48x55 |

Dimensions are representatives of package dimensions not total space required for mounting.

No Start Up Kit Required

Lifetime Parts Warranty Available

## Compressed Air Systems

Simplicity. It's What We Do.
