

2.5 HP | 8.5 CFM Battery Powered Cube Air System Reciprocating Compressor

Features

- 1.5 hours of run time per charge
- Includes two 8 Ah 82v Greenworks commercial batteries
- Industrial duty electric drive motor
- Auto overheating safety shutdown
- Heavy duty solid cast iron pump with reed valves
- Easy pressure switch operation
- Quiet and smooth operation
- Rapid Recharge battery system
- Dual battery charger
- Standard size JIC air line connections
- Minimal floor space foot print
- Multiplexing capability
- Rigid steel frame construction
- Self tensioning electric motor base

8.5 CFM
@ 125 PSI

9.5 CFM
@ 40 PSI

Optional Package Features

- Additional batteries for extra 1.5 hours of run time
- Belt guard aftercooler
- Coalescing filtration
- Desiccant air dryer
- Enrollment in factory extended warranty plan
- Multiplex control panel
- NEMA 4X electrical components
- NEMA 7 electrical components
- Particulate filtration
- Refrigerated air dryer
- 30, 60, 80, 120 gallon storage tank (200 PSI MWP, ASME, CRN)
