

Project Manager

Project Management + Estimating | Fremont, Nebraska

Help us build something new.

BD Construction, Inc./Kearney is expanding into Fremont, Nebraska, and we're looking for a **Project Manager** to play a key role in launching and growing our new office. This is a unique opportunity to take on a high-impact position within an established, 40+ year Construction Management and General Contracting firm with a strong reputation across Nebraska and surrounding states.

In this role, you'll combine project management and estimating responsibilities while helping establish and grow our presence in Eastern Nebraska. If you're someone who enjoys autonomy, variety in your work, and being part of a growing operation, this is an opportunity to make a meaningful impact.

What You'll Do

- Manage multiple projects across various stages of development and construction
- Lead communication with owners, design teams, subcontractors, and suppliers
- Prepare estimates ranging from conceptual budgets to hard bids
- Develop and maintain project schedules for mid- to large-scale projects
- Build and maintain relationships with subcontractors and industry partners
- Collaborate with the Office Manager to support community presence and office operations as needed
- Support the growth and long-term success of our Fremont office

What We're Looking For

- Experience in both project management and estimating within commercial construction
- Ability to manage multiple priorities and projects simultaneously
- Strong communication skills with a wide range of stakeholders
- Experience with construction/project management software (e.g., Submittal Exchange, Sage 300, On-Screen Takeoff, Autodesk Build, or similar)
- Proven ability to develop relationships with subcontractors and project partners
- Self-directed and comfortable working in a growing, evolving environment
