Villa ODYSSÉE

WEDDINGS & EVENTS

Your *celebration* by the sea.

Villa Odyssée is simply unique. We organised a stay for a group of 30 people, and having several annex villas meant everyone had their own space. Right on the water, with its private harbour, private beach, private helipad and a pool just one metre from the sea, it is a truly exceptional villa – we will be back next year!

EVENT DETAILS

FESTIVITIES 2 full days | ON SITE 40 guests

Say your vows on the lawn facing the Gulf of Saint-Tropez, with the village and the bay as your backdrop. Floral arches, aisles and seating are designed around your vision.

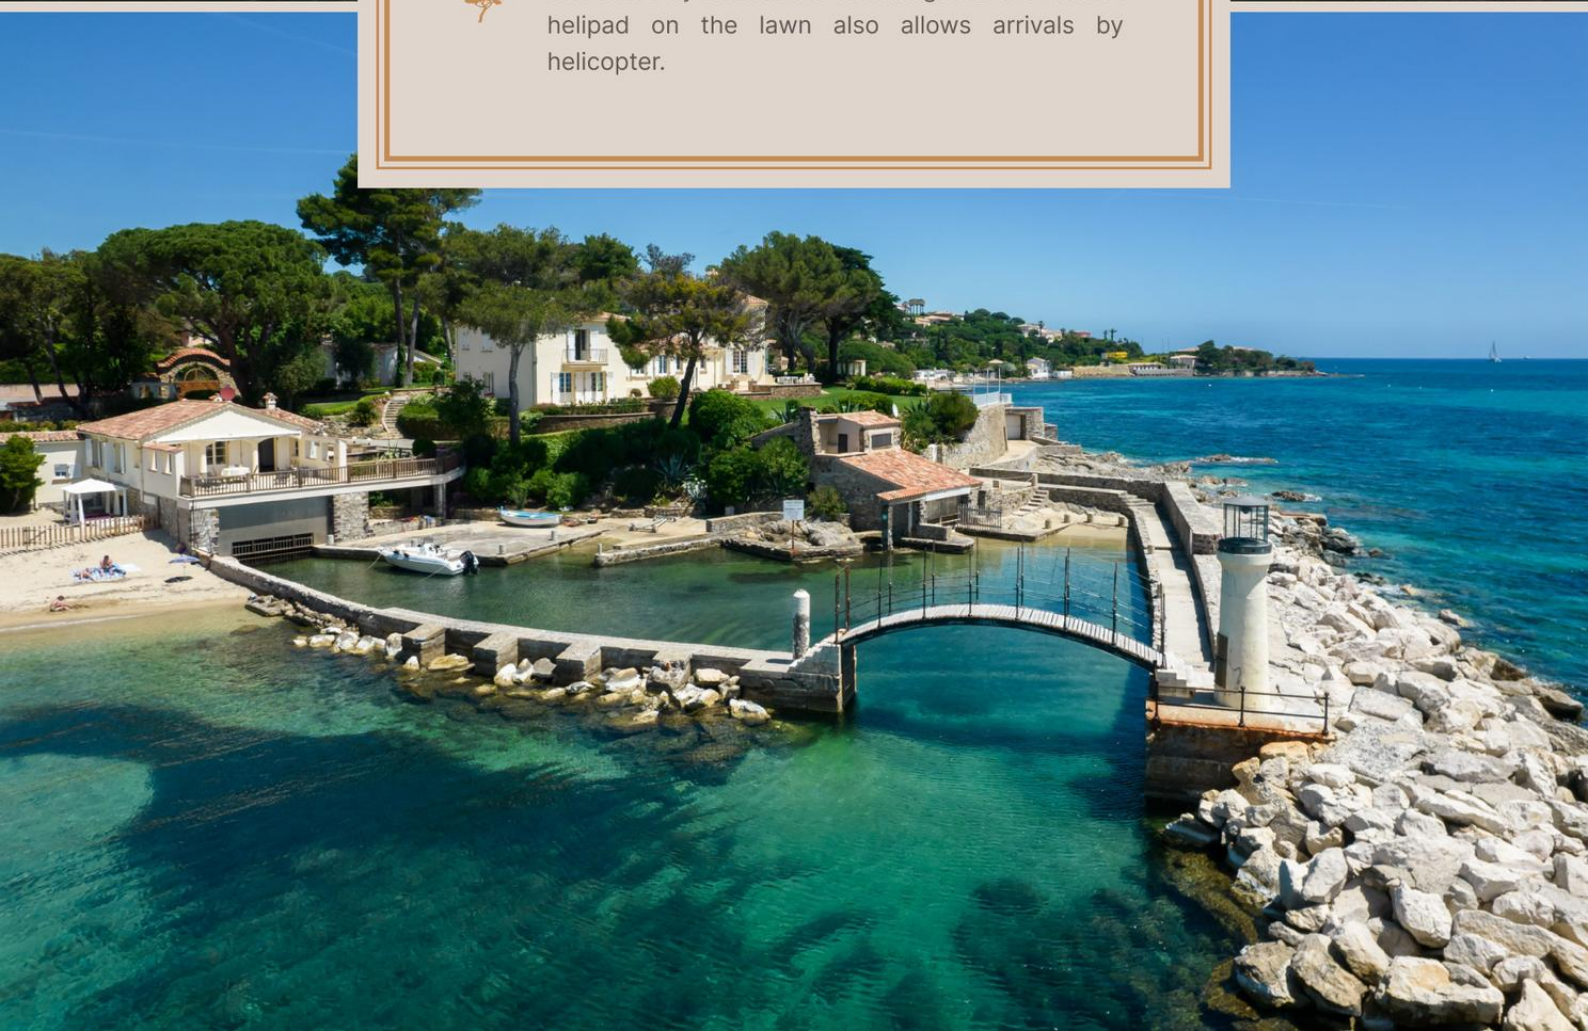

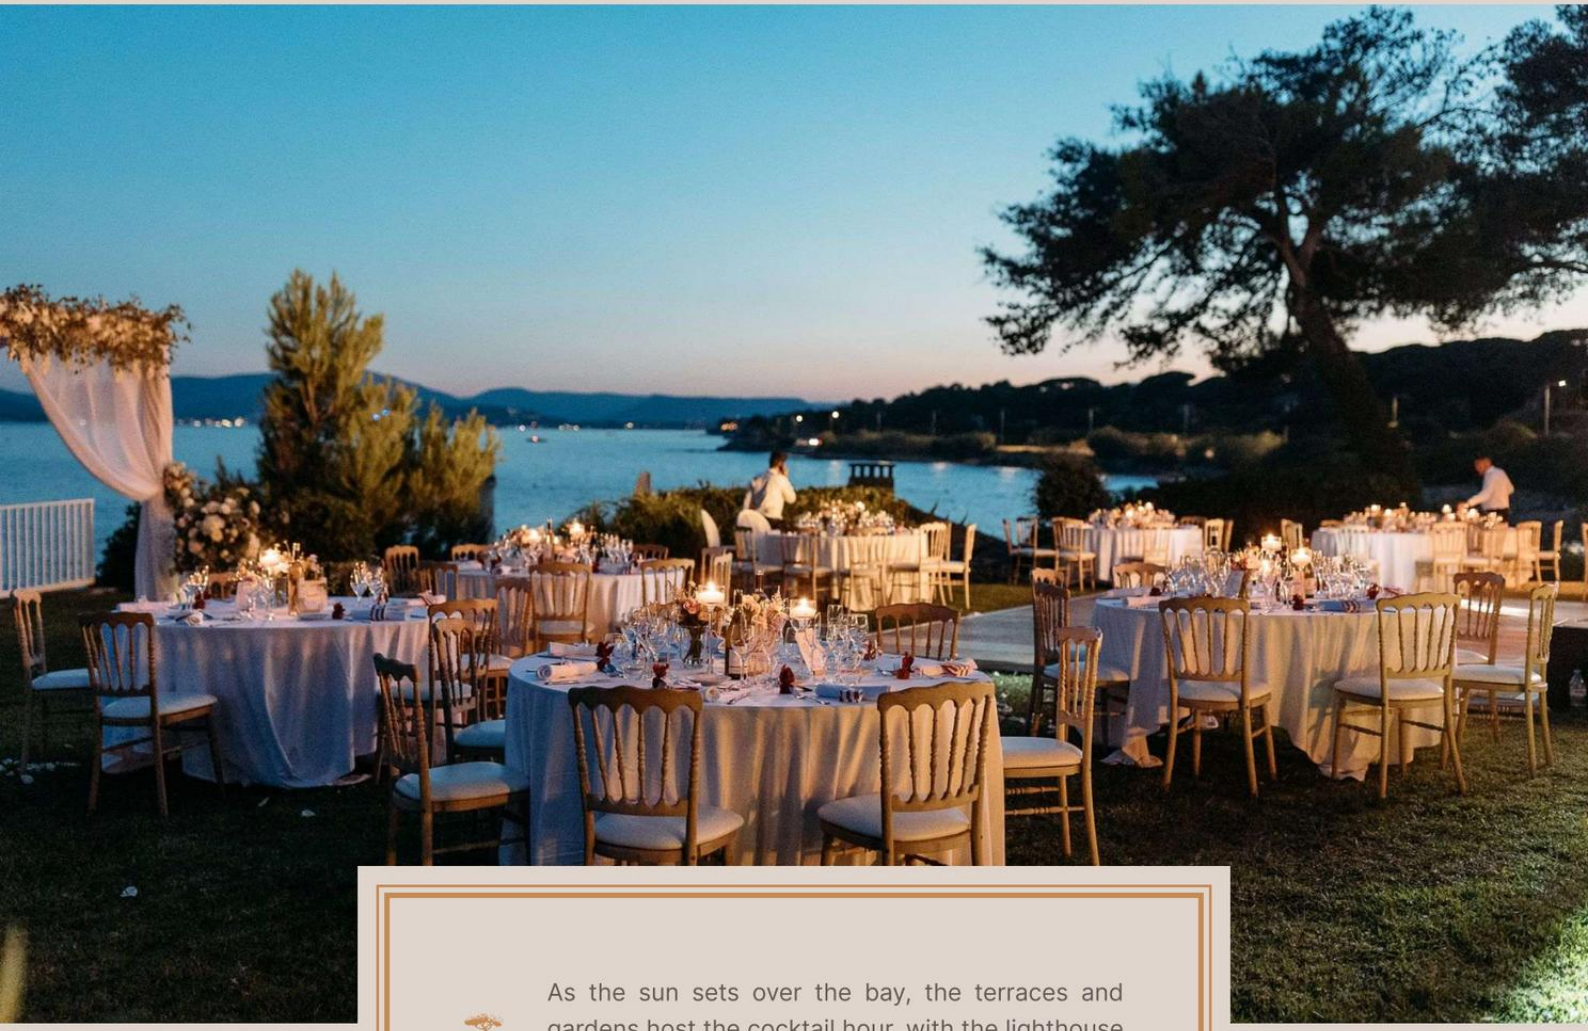

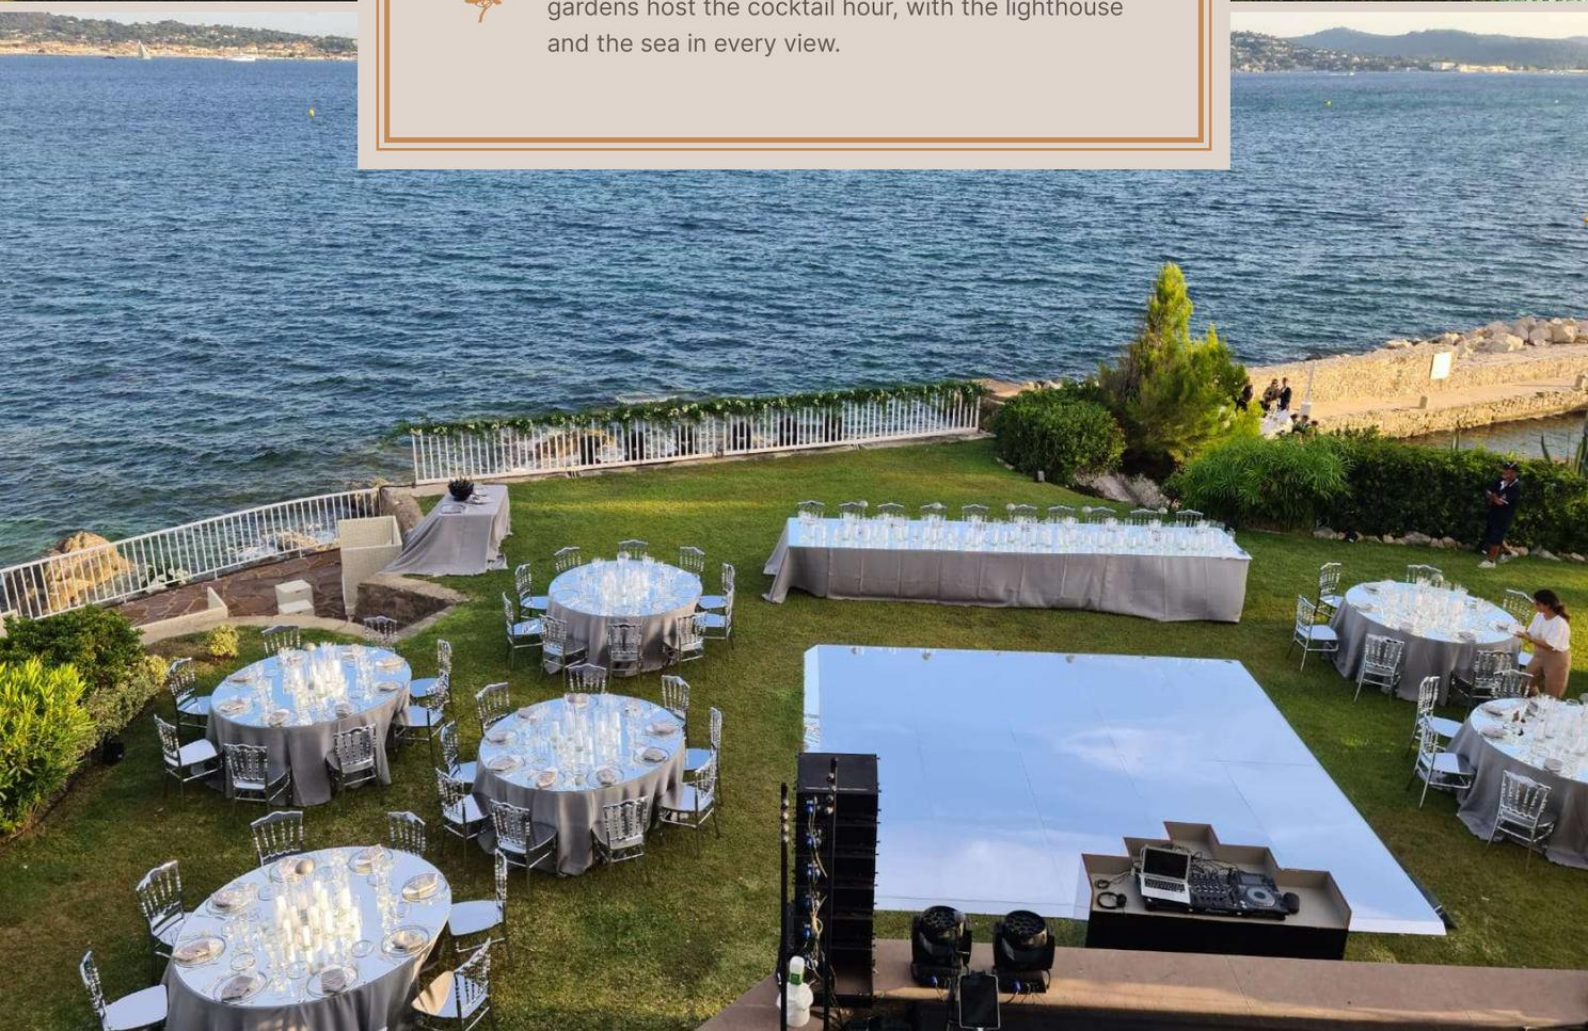

Thanks to the estate's private harbour, the bride can arrive by boat and walk straight to the altar. A helipad on the lawn also allows arrivals by helicopter.

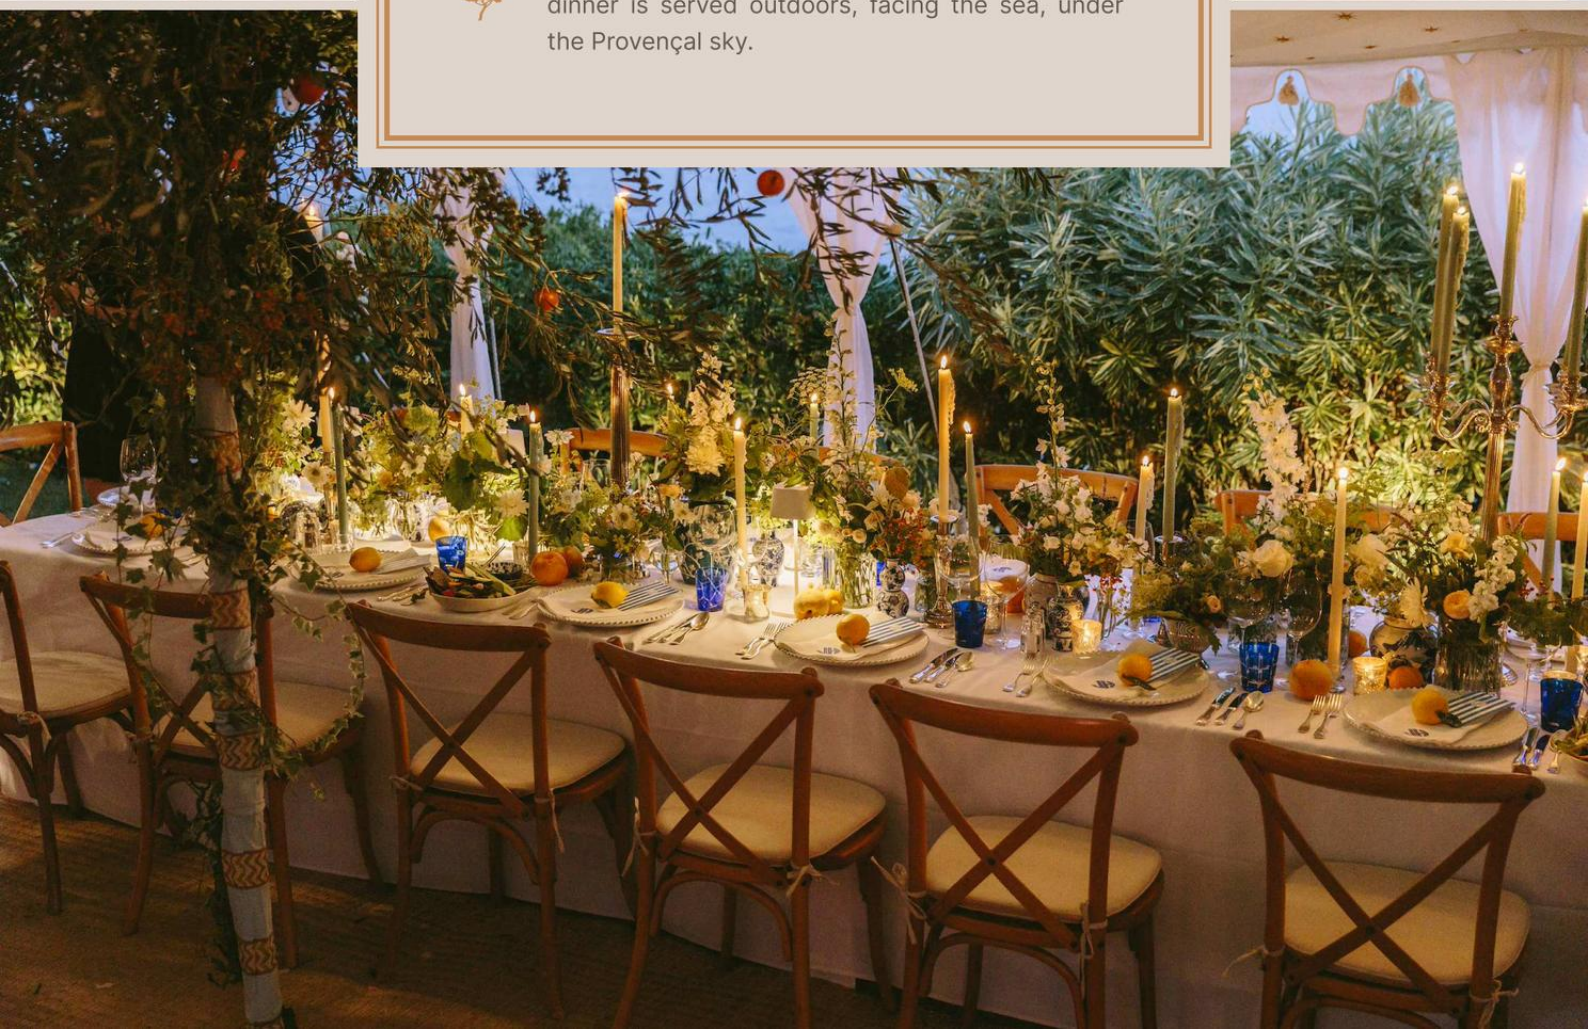

As the sun sets over the bay, the terraces and gardens host the cocktail hour, with the lighthouse and the sea in every view.

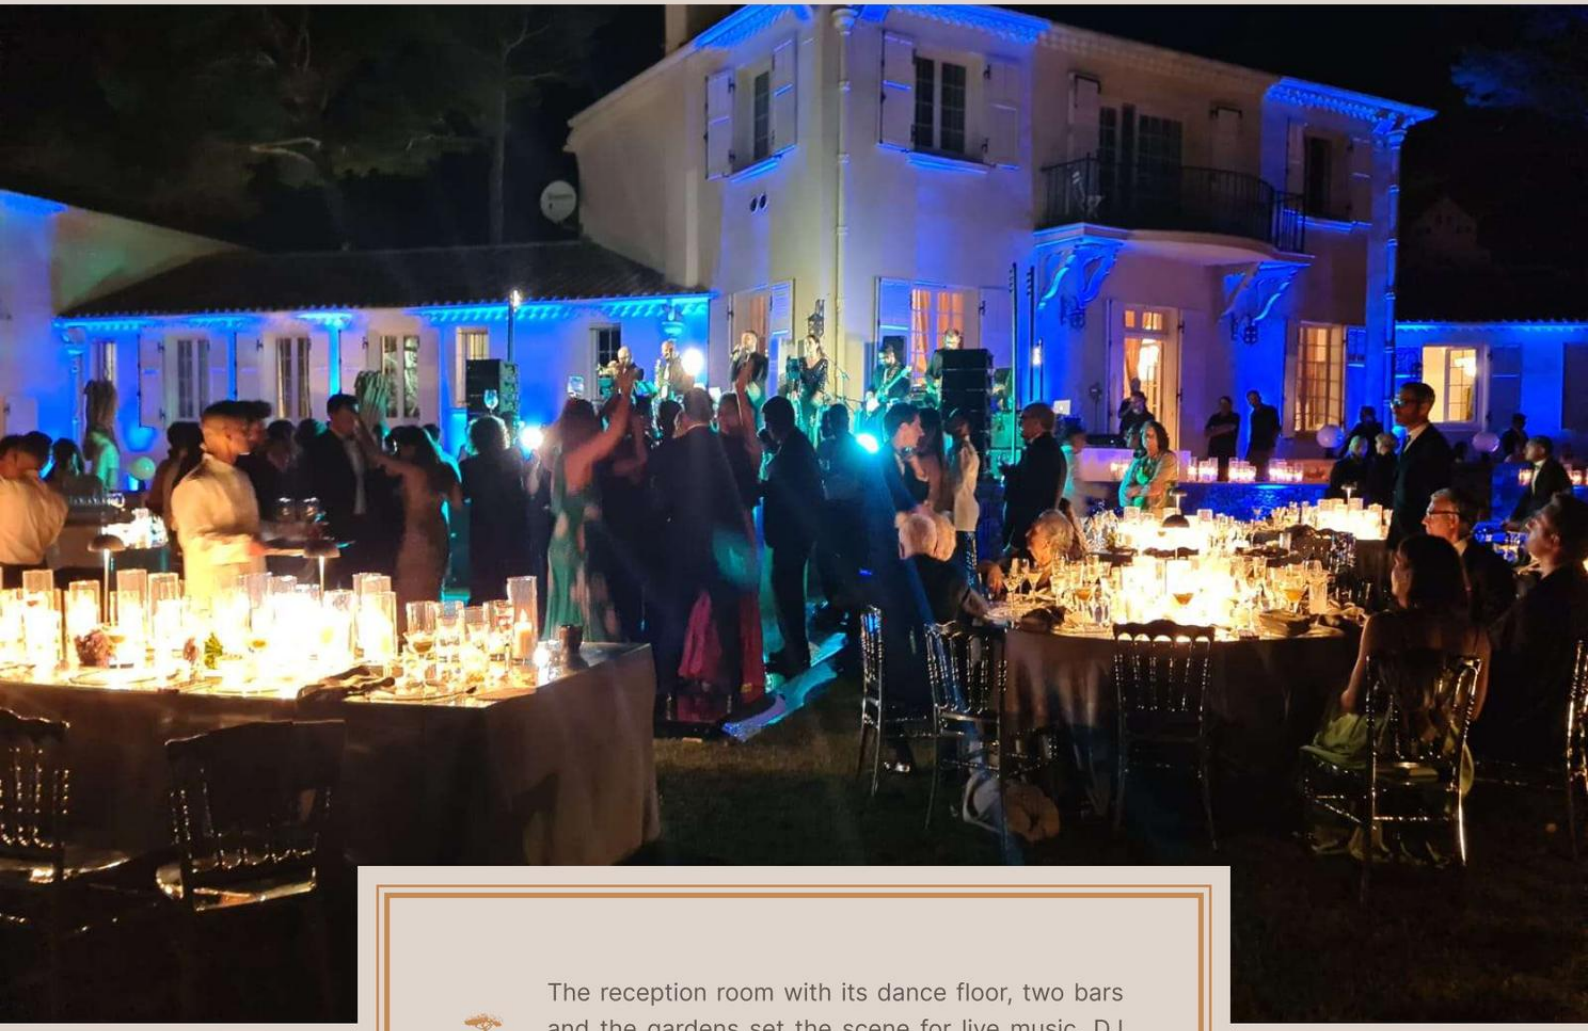

Round or long tables, candlelight and flowers: dinner is served outdoors, facing the sea, under the Provençal sky.

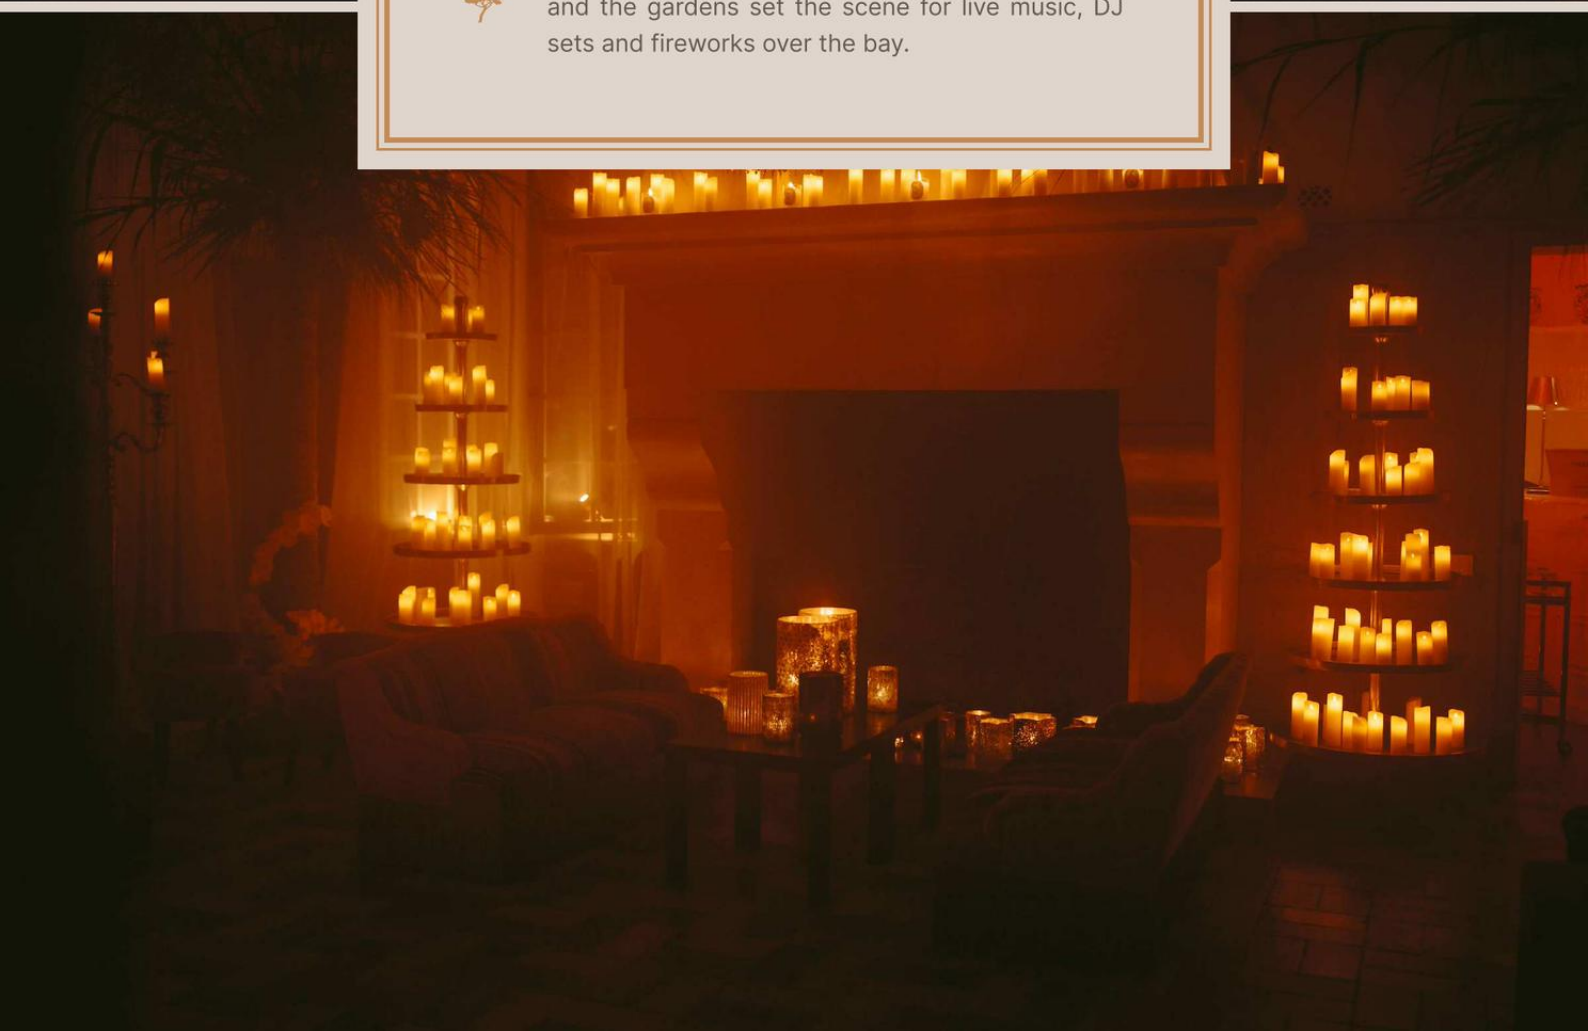

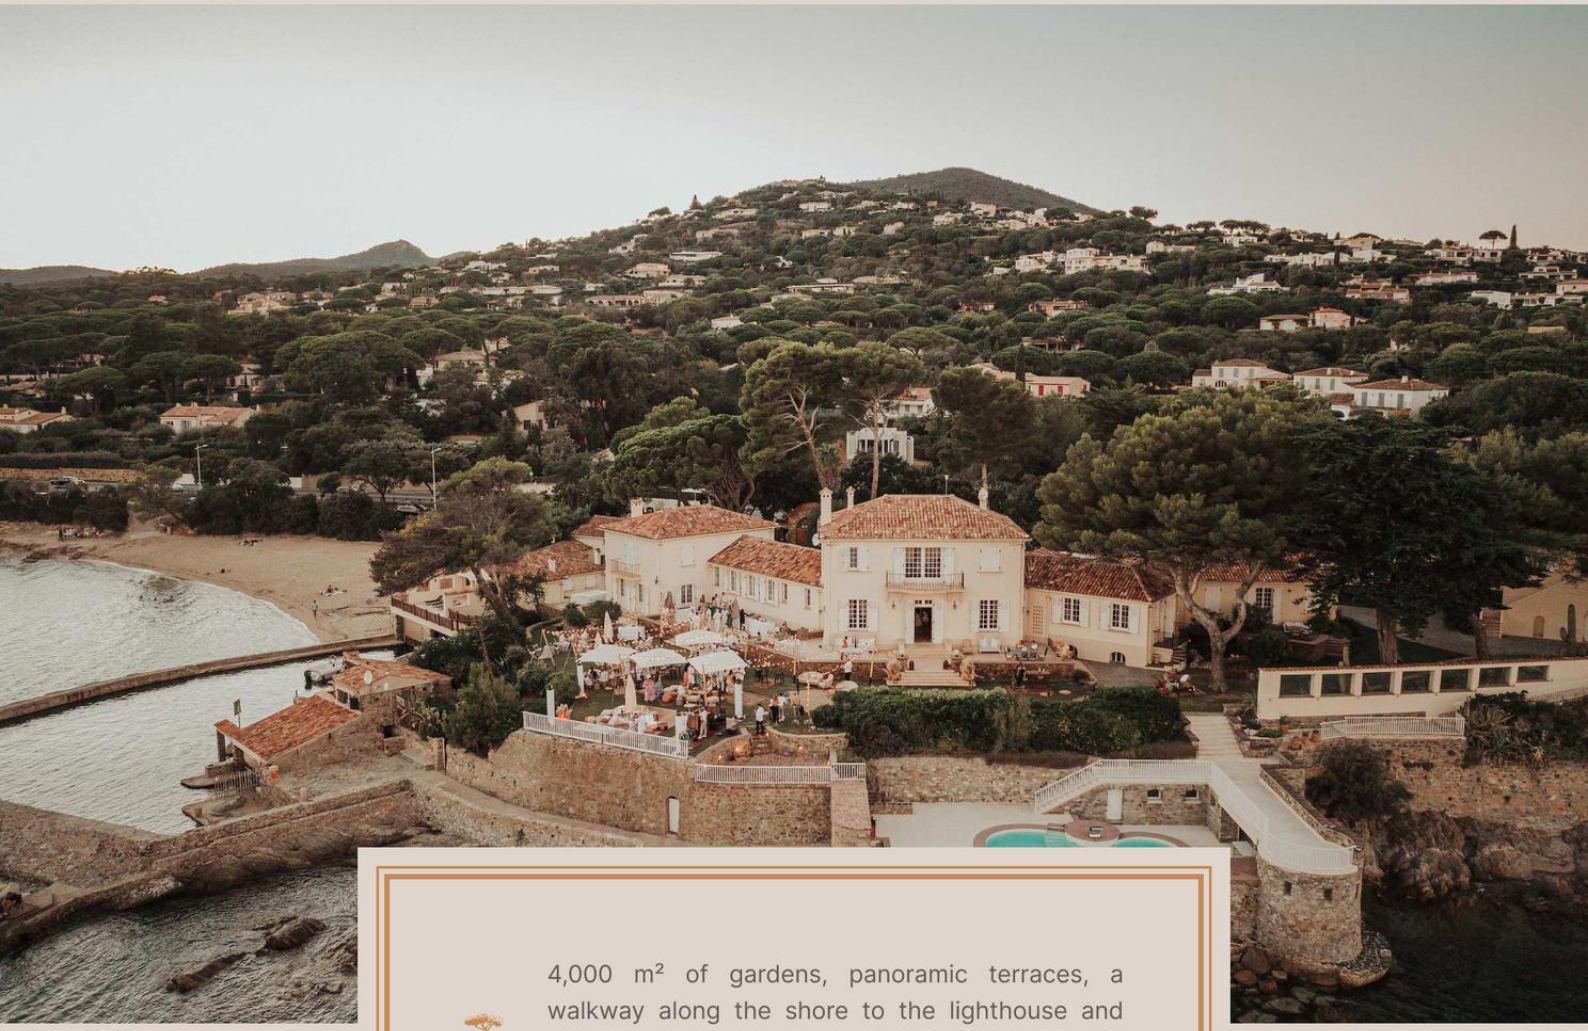

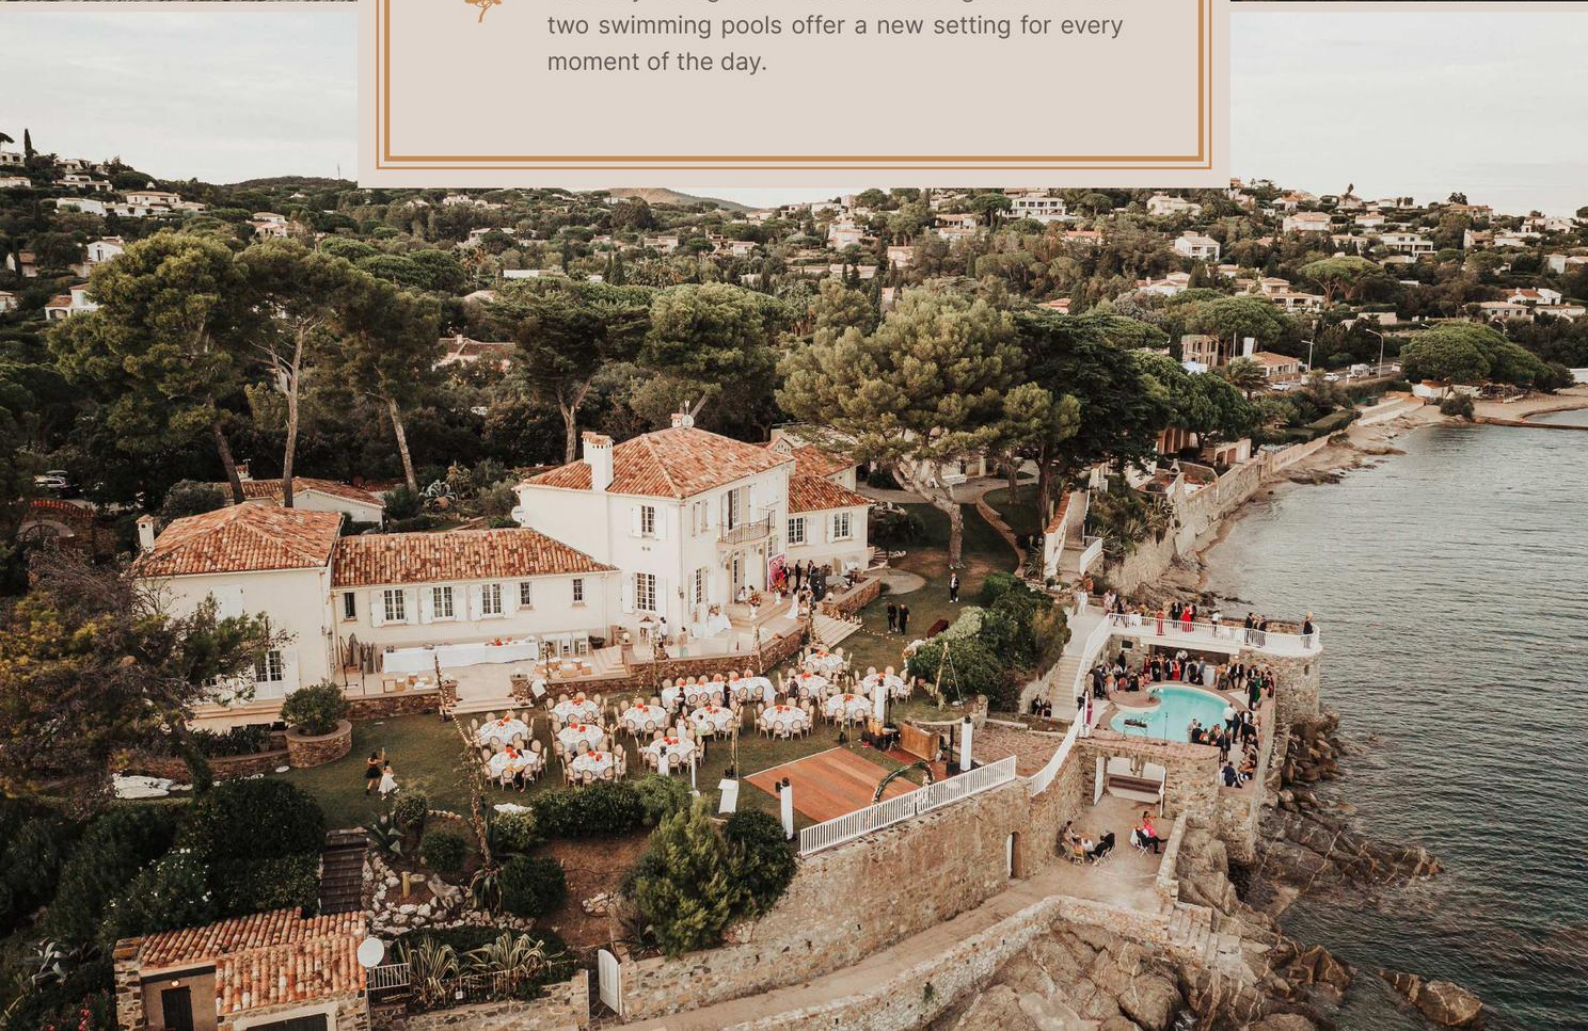

The reception room with its dance floor, two bars and the gardens set the scene for live music, DJ sets and fireworks over the bay.

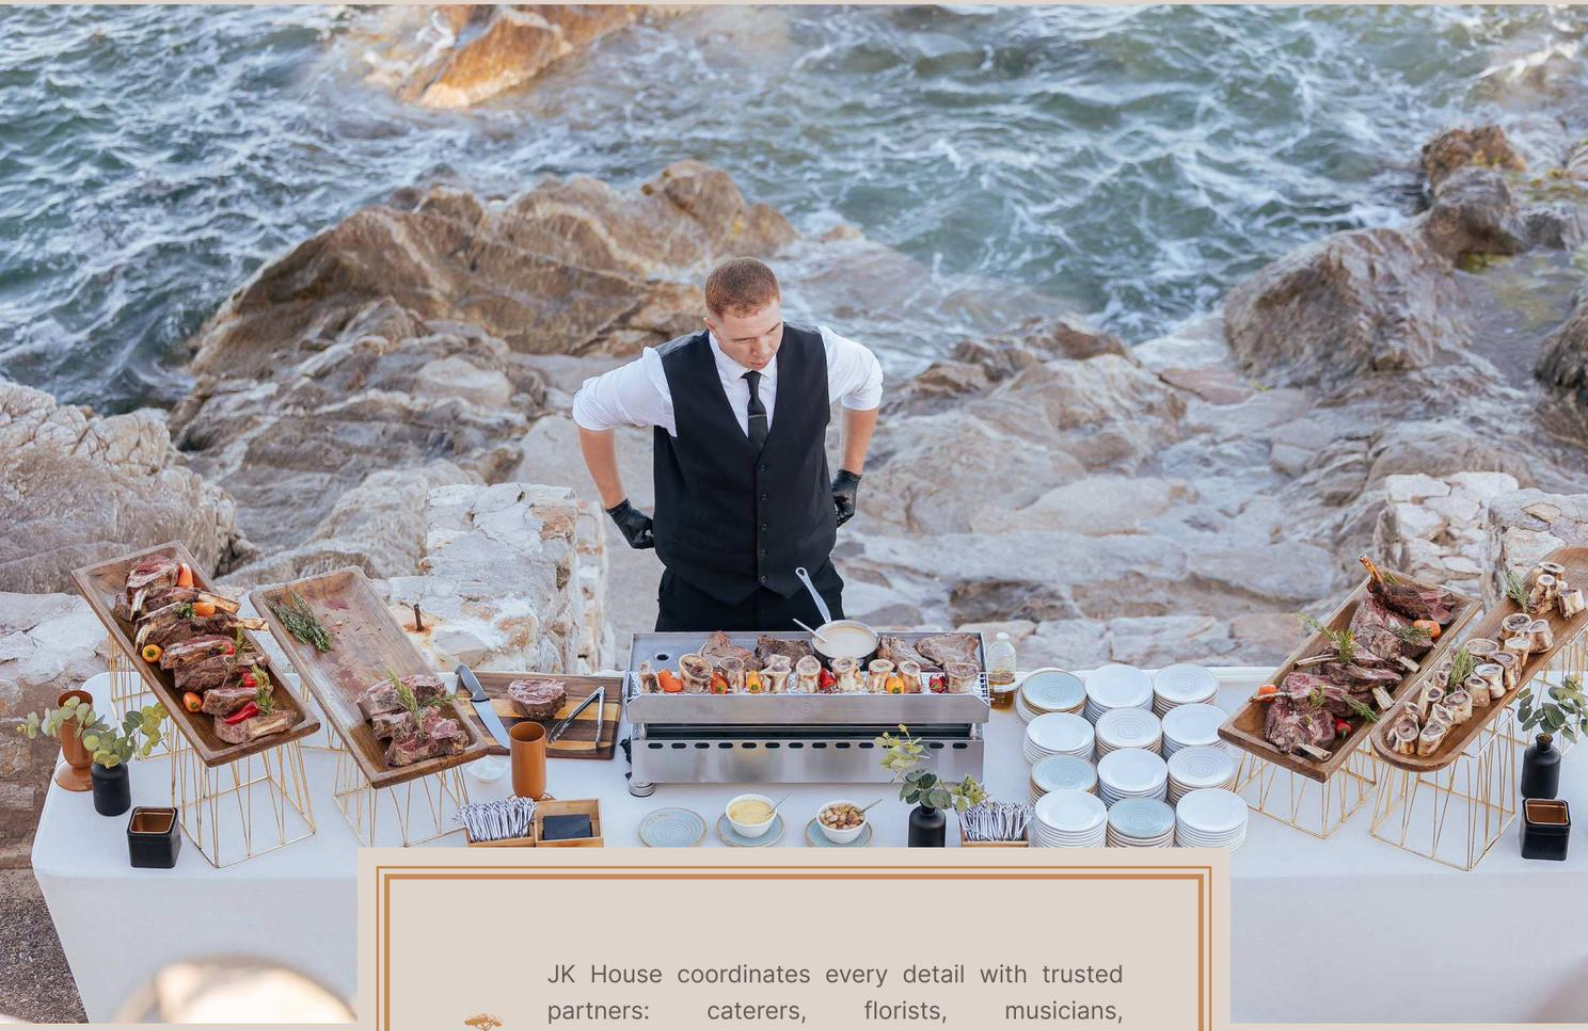

4,000 m² of gardens, panoramic terraces, a walkway along the shore to the lighthouse and two swimming pools offer a new setting for every moment of the day.

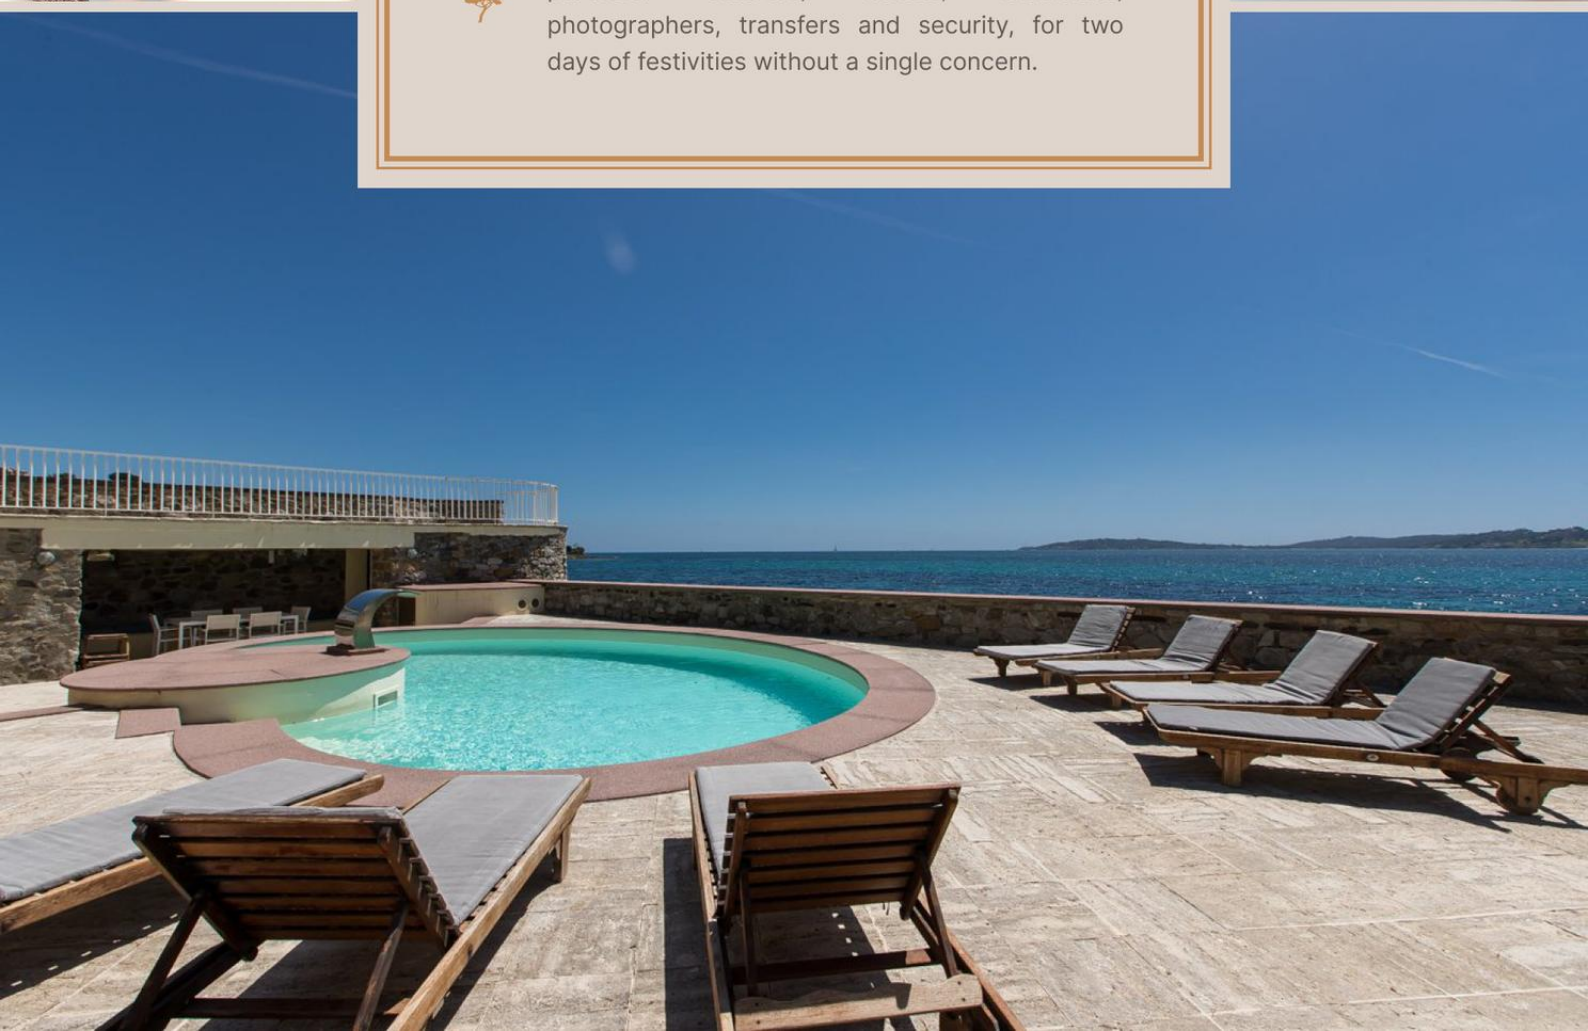

Up to 40 guests can stay on the estate, across 18 bedrooms in the main residence and its villas, with no need to travel after the celebrations. The master suite is reserved for the newlyweds.

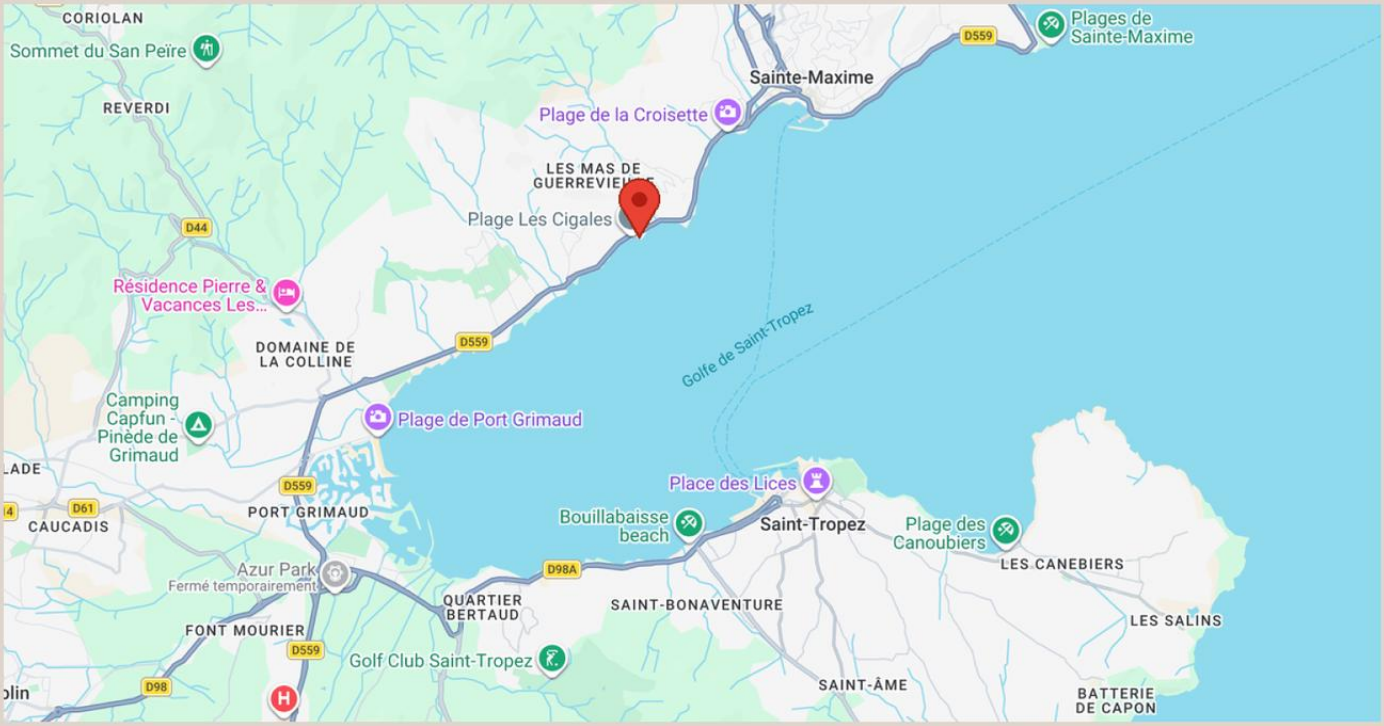

JK House coordinates every detail with trusted partners: caterers, florists, musicians, photographers, transfers and security, for two days of festivities without a single concern.
