

# Level 2 PCC Credentialing Pathway Programme

## Programme Overview

The Level 2 TCPC programme is built around achieving measurable outcomes that align with ICF Professional Standards, Ethics, and Core Competencies. By the end of the programme, participants are equipped not only with coaching techniques, but also with the professional coach level mastery required to inspire, empower, and drive tangible results in their personal and professional spheres.

### The programme is structured into three key phases.

*\*note that this programme continues from the Level 1 60 hours coaching education. If you would like to attend the complete programme, you would need to complete both Levels 1 and 2.*

- **Phase 1** introduces learners to the next 4 core learning modules, deepening and advancing their strong foundations in coaching, techniques, tools and competencies.
- **Phase 2** has learners engage in PCC level Mentor Coaching and Coaching Practicum, refining their skills through guided practice, feedback and feedforwarding.
- **Phase 3** involves the final performance evaluation at the PCC level, where learners must demonstrate minimum skill requirements of a PCC level proficiency standard to attain eligibility for PCC credentialing.
