

Brief Profile Of Board Of Directors

Mr. Ishan Shahade

Managing Director

Mr. Ishan Vishnu Shahade is the **Managing Director of Swid Renewables Limited (Formerly Swid Process Technologies Private Limited)**. He holds a **Bachelor of Engineering degree in Petrochemical Engineering** from Savitribai Phule Pune University, completed in 2015, and has over 8 years of experience in the solar EPC and renewable energy sector.

His professional experience encompasses end-to-end renewable energy solutions, with a focus on **Solar Power Plants and Battery Energy Storage Systems (BESS)**, including feasibility assessment, system design, procurement, project execution, commissioning and maintenance. He has extensive experience in renewable energy project management and has been involved in overseeing solar power and BESS projects from initial planning and design through execution and commissioning.

Mr. Ishan Shahade has demonstrated capabilities in corporate strategy and leadership, including strategic decision-making, business expansion, business development and development of sustainable business models. He has also led cross-functional teams and managed a workforce of more than **150 professionals in a dynamic and fast-paced business environment**.

He has significant experience in client relationship management and stakeholder engagement, with experience in establishing and maintaining long-term relationships with clients, business partners and industry stakeholders. His professional experience also includes negotiation of contracts and development of business collaborations with various players in the renewable energy and energy sectors.

Mr. Ishan Shahade has also been involved in matters relating to **financial planning and budgeting, regulatory compliance, renewable energy policies and applicable industry regulations**, including **MERC notifications and green energy policies**. He is also associated with other organizations operating in the renewable energy and sustainability sector.

Mr. Ishan Shahade has also been involved in matters relating to financial planning and budgeting, regulatory compliance, renewable energy policies and applicable industry regulations, including MERC notifications and green energy policies. He is also associated with other organizations operating in the renewable energy and sustainability sector.

As Managing Director, Mr. Ishan Shahade brings experience across renewable energy, strategic leadership, project management, business development and technology integration, with particular focus on **Solar Power Plants and Battery Energy Storage Systems (BESS)**.
