

Mr. Clermont's Leaders

5-243

• JUNE 2026

Last Month

Math - Scholars will be taking the NYS Math Exams this month. This shows how much our leaders have grown with the new skills they have acquired

Reading/Writing - We will launch a new Module in Module 6 where students are investigating Art for Everyone

Science - Scholars will be taking the NYS Science Exams this month. This shows how much our leaders have grown with the new skills they have acquired

This Month

Math - Scholars will learn prerequisite skills needed for 6th grade math. This includes learning how to graph two points on a graph and geometry as they are identifying shapes

Reading/Writing - We will launch a new Module in Module 7 where students are investigating Above, Below and Beyond. They will research an interesting topic of their choice

Science - Scholars will be completing any missing Science Investigations. Additionally, they will conclude their research into why some dressings has particles in it while others do not.

Attendance

Attendance matters. Missing a day of school means missing hours of instructional time. Research shows that students who attend regularly achieve greater success in school and in life. This continues to be true –even in-person or remote learning environments. Our school's collective goal for attendance remains the same- 92% of the year.

Important Dates

June 2 - Career Day
June 4-5 Clerical Day (No School)
June 19 - Juneteenth
June 25 - Graduation Day
June 26 - Last Day of School
