Greenview Portal for Phuket Hotels Association Members

Member pricing on the sustainability software built for hotels: manage your data every day, and get certified when you are ready.

Exclusive Member Offer

Phuket Hotels Association member hotels receive discounted pricing on all three Greenview Portal plans: Basic, Standard and Premium. **Offer valid for sign-ups until 31 March 2027.**

Start by tracking energy, water, waste and your Scope 1 and 2 carbon footprint in one place. On Standard and Premium, use the same data and evidence to prepare for GSTC, Green Key and Hotel Sustainability Basics certification.

Why Greenview Portal

Everyday sustainability

Monthly energy, water and waste data and your carbon footprint, with dashboards, reports and gaps flagged automatically.

Lower operating costs

Spot where energy and water are wasted, and track the savings from each initiative.

Certification ready

GSTC, Green Key and Hotel Sustainability Basics modules on Standard and Premium, increasingly expected in Thailand's tourism policies.

Greater market access

Credible data and certification improve visibility on major OTAs and with corporate travel buyers.

CERTIFICATION			
GSTC, Green Key and Hotel Sustainability Basics modules: guidance, templates, evidence storage, readiness score	—	✓	✓

Getting started in three steps

1

Choose your plan

Sign up for Basic, Standard or Premium at the member price.

2

Onboard your team

A live onboarding webinar, in Thai or English, to set up your hotel and users.

3

See your first dashboard

Enter three months of utility bills and see your energy, water, waste and carbon at a glance.

Support in Thai

- Onboarding and training delivered in Thai
- Greenview Portal Help Center available in Thai
- A Thailand-based Greenview sustainability expert on the team

Offer valid for sign-ups until 31 March 2027.
